Report on rejection of bids for Contract 17-604-12 (Re-Bid), Furnish and Deliver Air Handling Coils to Various Locations, Groups A and B, estimated total cost \$110,485.00

Dear Sir:

On November 3, 2016, the Board of Commissioners authorized the Director of Procurement and Materials Management to advertise for bids, Contract 17-604-11, Furnish and Deliver Air Handling Coils to Various Locations.

On January 5, 2017, authorization to amend the Board Order of November 3, 2016 was approved by the Board of Commissioners.

In response to a public advertisement of February 22, 2017, a bid opening was held on March 14, 2017. All bids were rejected at the Board Meeting of April 6, 2017.

In response to a public re-advertisement of September 13, 2017, a bid opening was held on October 3, 2017. The bid tabulation for this contract is:

GROUP A: COILS FOR THE CALUMET, STICKNEY, AND HANOVER PARK WRPS INDI ENTERPRISES, INC. \$100,100.00

GROUP B: COILS FOR THE CALUMET WRP INDI ENTERPRISES, INC.
\*corrected total

\*\$150,700.00

One thousand three hundred sixteen (1,316) companies were notified of this contract being advertised and fourteen (14) companies requested specifications.

A review of the sole bid, submitted by Indi Enterprises, Inc., revealed that they submitted two separate bid deposit checks, one for each group. The bid deposit required for Group A was \$4,270.00 and the check amount submitted was \$4,000.00. The bid deposit required for Group B was \$1,255.00 and the check amount submitted was \$1,525.00.

Therefore, the bid for Group A is considered non-responsive and rejected for failing to provide the correct dollar value for the bid deposit required.

The bid for Group B, in the amount of \$150,700.00 was approximately 500 percent over the estimated amount of \$25,100.00 and considered too high to award. Also, the bidder added an alternate manufacturer and price for item 1B and added lead times for delivery that appear to be longer than the 70 day requirement in the

detail specifications on DS-6.

Therefore, the bid for Group B is considered too high for award and rejected in the public's best interest. The Director of Procurement and Materials Management has informed Indi Enterprises, Inc., of this action.

The Maintenance and Operations Department will re-advertise as soon as is practical.

Recommended, Darlene A. LoCascio, Director of Procurement and Materials Management, DAL:SEB:cm Respectfully Submitted, Barbara J. #### COMMITTEE ON PROCUREMENT

Mr. David St. Pierre, Executive Director

Authorization to exercise an option to extend and amend agreement with CPower, for Contract 14-RFP-35 Energy Curtailment Services, for 2018-19

Dear Sir:

At the Board Meeting of April 9, 2015, the Board of Commissioners authorized the District to enter into an agreement with CPower (formerly EnergyConnect, Inc., a Johnson Controls Company) to provide energy curtailment services for the District for a three year period. Over the last 3 years, CPower registered the District to participate in an Emergency Capacity Demand Response program, and remitted payment for this directly to the District. The existing agreement gives the District the option to extend the agreement annually with proportional mutual benefits.

The contract was structured so that CPower would receive 9.9% of the curtailment value and the District would receive 90.1%. This was the highest return realized from the BAFOs. Over the last 3 years, the District has received nearly \$5 million. We estimate receiving \$2.35 million for the period June 1, 2018 through May 31, 2019.

The extension of the termination date is in compliance with the Illinois Criminal Code because it is germane to the original agreement as signed and is in the best interest of the District.

In view of the foregoing, it is requested that for the period from June 1, 2018, through May 31, 2019, the Board of Commissioners authorize the Director of Procurement and Materials Management to accept the offer from CPower.

Requested, John P. Murray, Director of Maintenance and Operations

Authorization to exercise an option to extend and amend agreement with Blue Delta Energy, LLC, for Contract 15-RFP-25 (Re-bid) Environmental Attributes Service Provider, for 2018, on a percentage retention structure of 90% for the District and 10% for Blue Delta.

#### Dear Sir:

At the Board Meeting of April 21, 2016, the Board of Commissioners authorized the District to enter into an agreement with Blue Delta Energy, LLC to provide service to analyze and monetize Lockport Renewable Energy Credits (RECs). Over the last 18 months, Blue Delta Energy, LLC has monetized these attributes, created tracked and deliver the attributes to identified markets, and remitted payment for these attributes directly to the District. The existing agreement gives the District the option to extend the agreement up to an additional two years.

The contract was structured so that Blue Delta Energy, LLC would work on a retainage percentage basis for older vintage attributes from 2010 through 2016. After a transitional period, the attributes value was fixed for the last 4 months of 2016 and year 2017.

The market for RECs is volatile with the price fluctuating daily. Blue Delta Energy, LLC has offered us a proposal to continue work on a percentage retention structure. We believe this is in the best interest of the District as the fixed prices currently being quoted for Lockport's RECs are on the lower end of the historical range. We also believe the prices have more potential to increase than decrease from the current level.

Exercising the option to extend and amend the agreement is in compliance with the Illinois Criminal Code because it is germane to the original agreement as signed and is in the best interest of the District.

In view of the foregoing, it is requested that for the period from January 1, 2018, through December 31, 2018, the Board of Commissioners authorize the Director of Procurement and Materials Management to accept the offer from Blue Delta Energy.

The coverage period for Adobe Acrobat Pro software maintenance under this purchase is from December 20, 2017 through December 19, 2018.

GS-35F-0111K is a GSA Schedule 70 Contract which offers a wide range of software and accompanying services through licensing agreements. #### Dear Sir:

Authorization is requested to issue a purchase order and enter into an agreement with HP Inc. for the purchase of new and replacement computer hardware and replacement toner. This purchase order will expire on December 31, 2018.

An initiative was started last year to replace the District's end-user computer systems. This replacement is necessary to bring the organization up to date with compatible software, security protection, reduced printing errors, and web-enabled interactions for today's common cloud-based applications. It is important to replace these computers to keep our environment safe from the latest computer threats. To date, over 900 desktops have been fully deployed at most District locations with an additional 215 to be completed by the end of 2017. Additionally, this purchase order will include inter-departmental budget requests for computers, monitors, and printers to be provided in 2018.

The National Association of State Procurement Officials (NASPO) was formally established on January 29, 1947, in Chicago, Illinois. NASPO is an organization through which the member purchasing officials provide leadership in professional public procurement to attain greater efficiency, economy, and customer satisfaction. The Western States Contracting Alliance (WSCA) was formed in October 1993 by the state purchasing directors from fifteen NASPO western states. WSCA established the means by which participating states may join together in cooperative multi-state contracting to achieve cost-effective and efficient acquisition of products and services. All governmental entities within WSCA states as well as authorized governmental entities in non-WSCA states are welcome to use the approved agreements.

HP Inc. is registered and in good standing with the State of Illinois.

The Multi-Project Labor Agreement is not applicable because this is a furnish and deliver contract.

In view of the foregoing, it is recommended that the Director of Procurement and Materials Management be authorized to issue a purchase order and enter into an agreement with Hewlett-Packard Inc. in an amount not to exceed \$364,200.00.

Chicago Tire, Inc., the next lowest bidder, does not comply with the contract specifications. The bid proposal did not list the manufacturer and model number for the tires proposed for Items 1 and 7. The tires proposed for Item 3 are a different model with less tread depth. In addition, the tires proposed for Items 5, 9 and 11 are different than the tires specified. Therefore, the bid is rejected in the public's best interest. The Director of Procurement and Materials Management has notified Chicago Tire, Inc., of this action.

Pomp's Tire Service, Inc., the lowest responsible bidder, is proposing to perform the contract in accordance with the specifications. The estimated cost for this contract was \$105,000.00, placing their bid of \$82,780.48 approximately 21.2 percent below the estimate.

The Multi-Project Labor Agreement (MPLA) was not included in this contract because it is primarily a furnish and deliver contract.

#### File #: 17-1135, Version: 1

The Affirmative Action Ordinance, Revised Appendix D is not included in this contract because it is primarily a furnish and deliver contract.

In view of the foregoing, it is recommended that the Director of Procurement and Materials Management be authorized to issue a purchase order for Contract 17-672-11 to Pomp's Tire Service, Inc., in an amount not to exceed \$82,780.48.

The contract shall begin five days after the mailing of a purchase order and terminate on December 31, 2017.

The bid deposit, in the amount of \$5,200.00, will be retained in lieu of a performance bond, which is satisfactory to the Law Department and approved by the Director of Procurement and Materials Management.

TILES IN STYLE, LLC \$15,284.00 MOTZ ENTERPRISES, INC. \$68,000.00

Two hundred sixty (260) companies were notified of this contract being advertised and seven (7) companies requested specifications.

Tiles in Style, LLC, the lowest bidder, submitted a bid that did not comply with the specifications of the contract. The product, submitted to be an engineer approved equal, was found to be deficient, primarily due to the absence of the specified high-strength polypropylene bi-axiel geogrid and backing system, which is a critical component of this system. In addition, overall appearance of the blocks and the tensile strength of the mat did not meet requirements. Therefore, the bid is being rejected in the public's best interest and the Director of Procurement and Materials Management has notified Tiles in Style, LLC of this action.

Motz Enterprises, Inc., the lowest responsible bidder, is proposing to perform the contract in accordance with the specifications. The estimated cost for this contract was \$80,000.00, placing their bid of \$68,000.00 approximately 15 percent below the estimate.

## Melvina Ditch Reservoir Improvements

Project Number: 14-263-3F

Service Area: Calumet Location: Burbank, IL

Engineering Consultant: V3 Companies of Illinois, Ltd.

General Contractor: To be determined

Estimated Construction Cost: \$21,452,000

Contract Award Date: February 2017\*

Substantial Completion Date: March 2018\*

Project Description: This project consists of expanding the existing Melvina Ditch Reservoir by up to 195 acre-feet to increase its storage capacity (up to 118 percent increase), modifying the pumping station to accommodate the reservoir expansion, and installing a new emergency overflow weir to reduce the likelihood of reservoir overtopping. Reservoir expansion will include work within the existing reservoir footprint (District property) and includes additional private properties around the perimeter of the reservoir. Local stakeholders gave feedback and a reservoir expansion configuration was selected. Additional work includes the installation of an emergency overflow/high water bypass structure and three flap gates and the replacement of the existing elliptical culverts at the outlet of the Melvina Ditch Reservoir Pumping Station with dual box culverts and a stormwater chamber. Construction limits are immediately adjacent to the pumping station and in the 87th Street right-of-way as needed to install the culverts and to replace any disturbed utilities in conflict with the installation. Storm pumps will be removed and serviced and the impellers will be lengthened.

<u>Project Justification</u>: The Melvina Ditch Reservoir has exceeded its capacity in recent storm events, resulting in flooding in Burbank and Oak Lawn.

<u>Project Status</u>: This project is currently in the final design engineering stage. Construction of the Melvina Ditch Reservoir Improvements is anticipated to take 28 months. A portion of this project will be funded through a grant from the State of Illinois through its Build Illinois Bond Fund.

This project is funded under the Capital Improvements Bond Fund. See Section V Capital Budget for additional information.

\$209,558.00

Six hundred twenty (620) companies were notified of this contract being advertised and twenty seven (27) companies requested specifications.

## TRANSMITTAL LETTER FOR BOARD MEETING OF NOVEMBER 2, 2017

### COMMITTEE ON BUDGET AND EMPLOYMENT

Mr. David St. Pierre, Executive Director

Report on Budgetary Revenues and Expenditures for the third quarter of 2017, ended September 30, 2017

Dear Sir:

Attached is a report of revenues and expenditures for the third quarter of 2017, ended September 30, 2017. This report is prepared on an unaudited budgetary basis of accounting.

The actual third quarter Corporate Fund net tax revenue of \$234.8 million is 99.3 percent of the budgeted revenues and is \$0.3 million below the collections for the same period in 2016. Actual Corporate Fund non-tax revenue for the period includes the following: user charge income of \$40.7 million, TIF surplus distributions of \$11.5 million, \$6.0 million in Build America Bonds subsidy transfer from the Capital Improvements Bond Fund, and rental and easement income of \$14.4 million. The third quarter includes receipts from the tax year 2016 second real estate tax installment, which were due on August 1.

Third quarter actual expenditures of \$240.3 million are 65.1 percent of the \$368.9 million Corporate Fund budget. Corporate Fund expenditures through the third quarter are within normal levels. Energy and healthcare costs, two of the primary expenditure drivers, are monitored closely throughout the year. Energy expenditures (electricity and gas) through the third quarter 2017 are 5.5 percent higher than the same period last year. Healthcare costs are running 8.5 percent lower than the same period last year due to the lower than expected active employee claims and implementation of the Medicare Advantage Plan for retirees in 2017.

The two primary economic factors driving the District's revenues are the Consumer Price Index (CPI) and the real estate market. The September Consumer Price Index for All Urban Consumers (CPI-U) rose 0.5 percent over August on a seasonally adjusted basis. Over the last 12 months, the all items index increased 2.2 percent before seasonal adjustment. The gasoline index increased 13.1 percent. Other major energy component indexes were mixed, and the food index rose slightly.

The equalized assessed property valuation for the District increased by 8.0 percent from 2015 to 2016, a \$10.4 billion increase. The Illinois Association of Realtors reports that August Chicago metropolitan area home sales are down 3.9 percent over August 2016, while the median price has increased 4.3 percent in the same period.

Relatively low inflation over the past two years has resulted in a small annual increase in property tax revenues. Additionally, increases in the Retirement Fund levy necessary to stabilize the pension fund have restricted growth in the Corporate, Construction, and Reserve Claim Fund levies. In order to maintain reserve balances, Construction Fund expenditure controls have been implemented during the first three quarters of 2017.

Respectfully Submitted, Eileen M. McElligott, Administrative Services Officer, SAR

## TRANSMITTAL LETTER FOR BOARD MEETING OF NOVEMBER 2, 2017

#### COMMITTEE ON INDUSTRIAL WASTE AND WATER POLLUTION

Mr. David St. Pierre, Executive Director

Report on Public Notification of Significant Industrial Users Having Exemplary Compliance Records and Industrial Users Significantly Violating Pretreatment Standards or Other Requirements

Dear Sir:

The Federal General Pretreatment Regulations (40 CFR 403.8[f][2][viii]) require the Metropolitan Water Reclamation District of Greater Chicago (District) to comply with the public participation requirements of 40 CFR 25 in the enforcement of National Pretreatment Standards. These requirements include a provision for providing annual public notification, in a newspaper of general circulation that provides meaningful public notice within the jurisdiction of the District, the names of industrial users (IUs) which were significantly violating applicable pretreatment standards or other requirements.

To comply with this provision, the Monitoring and Research Department annually compiles a list of IUs which were considered significant violators of the General Pretreatment Regulations and the District's Sewage and Waste Control Ordinance (Ordinance).

IUs are deemed to be significant violators pursuant to the provisions contained in Appendix E of the Ordinance.

In response to suggestions from the industrial community, we have also included in the proposed publication document the identities of those significant industrial users (SIUs) having exemplary compliance records for calendar year 2016. There were 242 SIUs who were not the subject of any enforcement actions taken by the District for noncompliance during calendar year 2016. The exemplary compliance records of these SIUs are to be commended. Therefore, we have placed this segment of the report at the top of the publication document Attachment 1.

The IUs noted on pages 8 and 9 of <u>Attachment 1</u> have been determined to be significant violators of applicable pretreatment standards or other requirements for calendar year 2016 pursuant to the selection criteria contained in Appendix E of the Ordinance. These 25 IUs were notified via letter, dated July 21, 2017, of the forthcoming publication of this list and the criteria used. Further, the letter advised all IUs on the attached list of their opportunity to provide written comments to the District regarding the appropriateness of their publication as significant violators within 30 days of the date of the letter. All such comments received by the District as of the date of this report were considered prior to the preparation of the attached list. Any additional comments received prior to the actual publication of this list in the newspaper will also be considered and may result in removal or modification of selected IU listings.

A summary of the significant violator publication list for calendar years, 2013, 2014, 2015, and 2016 with regard to federally mandated minimum selection criteria, is provided in Attachment 2.

#### TRANSMITTAL LETTER FOR BOARD MEETING OF NOVEMBER 2, 2017

#### COMMITTEE ON JUDICIARY

Mr. David St. Pierre, Executive Director

Authority to settle the Workers' Compensation Claims of Daniel Feeney vs. MWRDGC, Cases 12 WC 13992 and 12 WC 28718 Illinois Workers' Compensation Commission, in the sum of \$400,000.00, Account 901-30000-601090

#### Dear Sir:

Daniel Feeney is a Truck Driver at the Stickney Water Reclamation Plant. On October 17, 2007, he sustained injuries to his right shoulder after falling from a truck. Initially seen at the industrial clinic on October 17, 2007, he was diagnosed with a right shoulder injury. The employee treated conservatively with medication and physical therapy. On April 8, 2010 the employee underwent his first shoulder surgery at which time he was disabled from work. Following the surgery he underwent a course of physical therapy. He was able to return to work on October 7, 2010.

The employee had a second injury on February 19, 2012 alleging injury to right knee after slipping and falling. There were no lost time or medical benefits paid on this claim.

Mr. Feeney continued to experience problems with his right shoulder from his October 17, 2007 injury. He was disabled again effective March 12, 2012 and returned to work on March 19, 2012. He underwent a second surgical procedure on his right arm on June 11, 2012 at which time he was disabled from work again. The employee returned to work November 5, 2012, but was disabled again on November 12, 2012 and returned to work on November 19, 2012. The employee was again disabled effective November 26, 2012 through January 10, 2016. Mr. Feeney was again disabled February 23, 2016. While still disabled, the employee underwent a third surgical procedure September 9, 2016 on his right shoulder, followed by additional physical therapy. He was eventually released to restricted duty effective April 20, 2017 before being completely disabled again effective August 7, 2017. It was determined that the employee had permanent restrictions as a result of his injury.

The District has analyzed Mr. Feeney's permanent work restrictions under the interactive process established by its Americans with Disabilities Act policy. It has been determined that he cannot perform the essential functions of a Truck Driver with or without a reasonable accommodation.

Mr. Feeney has been paid a total of \$234,664.80 in lost time benefits as of October 20, 2017 for approximately 279.20 weeks and is currently receiving lost time benefits.

Mr. Feeney's attorney has filed two Applications for Adjustment of Claims with the Illinois Workers' Compensation Commission (IWCC). Subject to the approval of the IWCC, these claims can now be settled for \$400,000.00. The employee has retired from the District effective October 31, 2017. The settlement will include a separate release of all claims against the District. In addition, this settlement closes out any future lost time and future medical benefits associated with these injuries.

#### File #: 17-1131, Version: 1

The Director of Human Resources believes this settlement is in the best interest of the District and requests payment of that sum be approved and she be authorized to execute such documents as may be necessary to effect the settlement.

Requested, Beverly K. Sanders, Director of Human Resources, BKS:RAJ:RG
Respectfully Submitted, Mariyana T. Spyropoulos, Chairman Committee on Judiciary

#### THE METROPOLITAN WATER RECLAMATION DISTRICT OF GREATER CHICAGO

#### AGREEMENT WITH

## THE BUILDING TRADES COALITION AND CHICAGO REGIONAL COUNCIL OF CARPENTERS

#### **PREFACE**

This Agreement, which includes attached Schedules A through L, hereinafter referred to as the Agreement, is made and entered into by and between the Metropolitan Water Reclamation District of Greater Chicago, hereinafter referred to as the District, and the twelve separate and independent labor organizations identified in Schedules A through L, hereinafter referred to as the Union, who now agree as follows: that all of the parties to this Agreement are desirous of continuing an amicable understanding with respect to the employer-employee relationship which exists between them and of entering into a complete Agreement covering rates of pay, hours of work, and other conditions of employment, and they further agree that the attached Schedules A through L shall be incorporated into this Agreement.

#### SECTION 1. RECOGNITION

- A. The District recognizes the Union identified in Schedules A through L as the sole and exclusive bargaining agent for wages, hours and other conditions of employment for all full-time employees in the classes specified on its respective schedule.
- B. The District agrees that duties which have traditionally and historically been assigned to the employees in the Bargaining Unit classifications coming under this Agreement shall continue to be assigned to the employees of the Bargaining Unit classifications under this Agreement, except that apprentices as described in the appropriate Schedule(s) may be assigned bargaining unit work in that trade. Employees who have no permanent Civil Service status shall have no recourse to the grievance and arbitration procedure in the event of discharge.

#### <u>SECTION 2. MANAGEMENT RIGHTS</u>

#### A. MANAGEMENT RIGHTS

Except as otherwise specifically provided herein, the management of the plant and direction of the work force, including but not limited to the right to hire and promote, the right to discipline or discharge for just cause, the right to decide employee qualifications, the right to lay off for lack of work or other reasons, the right to discontinue jobs, the right to make and enforce reasonable work rules and regulations governing conduct and safety, and the right to determine the methods, processes and means of operations are vested exclusively in the District. The District in exercising these functions will not discriminate against any employee because of his or her membership in the Union. The Union recognizes that the nature of the District's operations requires some degree of flexibility in making work assignments to its employees so that it can meet emergencies and other operational contingencies.

Outside agreements, negotiated between unions representing classifications in Schedules A through L of this Agreement and other private or public sector management organizations, are not binding to the District unless such language is specifically included in the Agreement between the District and the Building Trades Coalition and Chicago Regional Council of Carpenters.

#### B. OVERTIME

The District has the right to schedule and assign overtime work, as required, in a manner most advantageous to the District and consistent with the requirements of municipal employment, the public interest, and this Agreement.

#### C. CONTRACTING AND SUBCONTRACTING

The right of contracting and subcontracting is vested in the District, but shall not be used to undermine the Union.

The District requires all contractors and subcontractors covered by the Illinois Prevailing Wage Act, to comply with that Act. In accordance with District policy, contractors and subcontractors must submit a Certification Form which states the payroll submitted by the contractor or subcontractor is correct, complete and not less than the applicable rate and that no rebates have been or will be made to the contractor or subcontractor, as well as submit a Certified Payroll Form with the rates paid to all laborers, mechanics and other workmen prior to payment by the District.

#### D. LIMITATIONS UPON UNION ACTIVITY

Non-employee union representatives will be granted access to District premises only for the purpose of representing the interests of Union members. The representative shall obtain prior approval from the Head of the facility for such access. The Union designated Plant Steward will be authorized to handle Union problems on District time, provided that any time spent on Union activities will be subject to prior approval of the Master Mechanic. The Unions will not designate leadmen and foremen to serve as Plant Stewards.

#### E. <u>WORK ASSIGNMENTS</u>

The Master Mechanic shall direct the assignment of employees covered by the Agreement and may direct that one such employee be assigned to a job that may be performed safely by one such employee, notwithstanding past practice.

In the event that the Foreman and/or Steward disagrees that such an assignment may be safely performed by a single employee, the matter may be submitted to the grievance procedure including arbitration. There shall be no interruption of work as a result of the initiation of such a grievance.

No employee covered by this Agreement shall be terminated or laid off as a result of implementing Section 2, Paragraph E.

#### SECTION 3. CHECK-OFF AND FAIR SHARE

- A. Check-off and/or fair share provisions shall be as specified in Schedules A through L of this Agreement. Where there are fair share provisions, the Union's procedure for establishing, explaining, and challenging this fee shall meet all constitutional and other legal requirements.
- B. Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teaching of a church or other religious body of which such employees are members.
- C. As soon as practical upon execution of this Agreement, the union dues and fair share monthly remittance to the unions specified in Schedules A through L of this Agreement shall be done electronically. The unions specified in Schedules A through L of this Agreement shall furnish the District's Labor Negotiator with the information to begin the electronic transfer of union dues and fair share deductions. This information will be treated with strict confidentiality. The listing of employees and deductions for each month's remittance can be transmitted by hard copy or electronically to the unions. The unions shall notify the District's Labor Negotiator by which means the listing should be sent to the union.

#### SECTION 4. WAGES

The District will pay an hourly rate of wages to the employees covered by this Agreement as specified in Schedules A through L, which are attached hereto. During the term of the Agreement, the Union will not request the District to pay more than the hourly rate specified in Schedules A through L, and the District will not pay less than the hourly rate specified in Schedules A through L.

#### SECTION 5. WORK WEEK

As soon as practical upon the execution of this agreement, the District will begin using Biometric Time Terminals. The Biometric Time Terminals will eliminate paper timesheets.

Employees must clock in and out at their designated Biometric Time Terminal, unless authorized by management to use an alternate terminal or device. Employees must only clock in and out for themselves and are not authorized to clock in or out for any other employee.

Non-shift employees at plant locations must clock in no earlier than 15 minutes prior to the start of their scheduled workday; and must clock out, no earlier than 15 minutes before the end of their scheduled workday and no later than 15 minutes after the end of their scheduled workday.

Shift employees must clock in no earlier than 15 minutes prior to the start of their scheduled work shift; and must clock out, no later than 15 minutes after the end of their scheduled work shift, if properly relieved.

Employees failing to clock in or out within the prescribed time limits or failing to use their designated Biometric Time Terminal shall be subject to disciplinary action.

Employees who clock in after the start of their scheduled workday or shift shall be considered late and subject to disciplinary action and will be docked for the time absent according to the following:

Minutes Late	Time Deducted
1 to 15 minutes	0 minutes
16 to 22 minutes	15 minutes
23 to 30 minutes	30 minutes
Etc.	Etc.

Management may approve requests for employees to use their own time to cover the time deducted for being tardy. Employees found to be abusing this privilege will be provided with notice that paid time off will not be allowed to cover future tardiness. Employees may be subject to disciplinary action for additional instances of tardiness.

- A. The normal work week shall consist of five consecutive days of eight hours each, beginning on Monday and ending on Friday. The normal workday shall begin between 7:00 a.m. and 8:00 a.m., and end between 3:30 p.m. and 4:30 p.m.
  - Employees must notify their immediate supervisor not later than one-half hour after starting time of their inability to report for work, except in emergencies beyond the employee's control which the circumstances at the time can alone determine.
- B. Employees will be permitted a half-hour lunch period starting at 12:00 noon and ending at 12:30 p.m. unless work conditions dictate otherwise. Employees whose jobs require that they work under unusually dirty conditions will be permitted, at their supervisor's discretion, to leave their assignments at 11:45 a.m. to wash up for lunch. No employee will be allowed to work through lunch without prior approval from the Master Mechanic's Office. Employees returning to the plant before 1:30 p.m. will be required to take their lunch. Employees returning to the plant after 1:30 p.m. will be allowed to leave at 3:00 p.m. with supervisory approval, if no lunch period was taken and working conditions do not dictate otherwise.
- C. All employees shall report to their work stations in working clothes.
- D. No employee shall leave his/her assigned work area during working hours, unless permission is granted by his/her immediate supervisor.
- E. Employees will be allowed a fifteen minute morning coffee break, normally from 10:00 a.m. until 10:15 a.m., unless work conditions dictate otherwise. This fifteen minute period will be from the time an employee leaves his/her work station until the time he/she returns to the job location. No coffee break will be permitted during the afternoon work period.
- F. Wash-up time for all employees working 7:00 a.m. until 3:30 p.m. shall not be earlier than 3:10 p.m. Supervisors will release their employees in sufficient time to permit them to arrive at their locker room or wash-up facility no earlier than 3:10 p.m.

#### SECTION 6. OVERTIME

- A. All hours worked in excess of 8 per day or 40 per week shall be compensated for at 1-1/2 times the hourly rate in effect for each classification, plus 1/2 hour compensatory time for each overtime hour worked.
- B. Overtime credit earned in one quarter must be used before the end of the next quarter provided however, that a maximum of forty hours of compensatory time may be carried over. Compensatory time, when used by employees, shall be scheduled with the approval of the immediate supervisor. Whenever possible, the employee will be notified in advance when to use overtime credit.

- C. No overtime credit will be allowed for travel time for scheduled overtime. No overtime credit will be allowed for travel time that is an extension of a workday which continues after the end of the workday. Overtime credit will be allowed for travel time for employees called in for unscheduled overtime which precedes the employee's regular starting time. Employees working such unscheduled overtime shall receive one hour of travel time to the overtime assignment, at the rate of one and one-half times the hourly rate plus 1/2 hour compensatory time.
- D. If an employee works unscheduled overtime which requires an extra trip, he/she shall be compensated at the rate of 1-1/2 times the hourly rate plus 1/2 hour compensatory time for each hour worked with a minimum credit of four (4) hours. The minimum credit of four hours includes travel time. Employees working unscheduled overtime which requires an extra trip shall receive one hour of travel time to the unscheduled overtime assignment and one hour of travel time returning home from the unscheduled overtime assignment at the rate of 1-1/2 times the hourly rate plus 1/2 hour compensatory time. Where employees have access to a time clock, employees must clock in and clock out when working unscheduled overtime.

An employee called in to work overtime after the end of the last workday prior to the overtime will be considered as working unscheduled overtime. An employee scheduled to work overtime prior to the end of the last workday preceding the overtime will be considered working scheduled overtime.

- E. In an overtime situation where members of the Bargaining Unit are involved, such employees may leave the plant for supper, but only with the permission of their immediate supervisor. Time spent for supper shall not be counted as time worked. Suppertime shall not exceed one hour.
- F. Overtime is to be distributed equally among the employees within each work group so far as practical. In accordance with past practice overtime for each work group shall be recorded. Employees working on an assignment that requires overtime as a continuation of the workday can perform such overtime regardless of the amount of their recorded overtime. It will be the responsibility of the District and the Union to address all issues arising out of a claim of inequitable assignment of continuation overtime. When practical at the discretion of the Master Mechanic's Office, others with less recorded overtime will be considered for the assignment. Employees must leave a phone number where they can be reached at all times in order to be contacted for any unscheduled overtime.
- G. Compensation shall not be paid more than once for the same hours under any provisions of this Agreement.
- H. Leadmen, Foremen, and if necessary Stewards, who are directed by the Master Mechanic's Office to make phone calls from home for scheduling trade personnel will receive one-half hour of overtime as compensation per incident. The Leadman, Foreman or Steward will be required to complete a timesheet to record any time spent scheduling

from home. For any time spent scheduling from home that is over one-half hour in duration, the Leadman, Foreman or Steward will be required to complete a timesheet and provide documentation demonstrating the additional time spent scheduling by phone.

However, employees on ordinary or duty disability, FMLA absences without pay, or other leaves of absence without pay on their last regularly scheduled work day immediately preceding and their first regularly scheduled work day immediately following the holiday shall be considered ineligible for holiday pay.

#### **SECTION 8. VACATIONS**

A. All full-time employees shall be entitled to the following weeks of vacation:

First five (5) years of service - ten (10) working days

Next ten (10) years of service - fifteen (15) working days

Next ten (10) years of service - twenty (20) working days

After twenty-five (25) years of service - twenty-five (25) working days.

Employees must have completed five (5), fifteen (15), or twenty-five (25) years of service with the District before June 30 in order to qualify for the three (3), four (4) or five (5) week vacation respectively, within that calendar year. If the service anniversary date falls on or after July 1, eligibility for the longer vacation falls on the following January 1.

Effective January 1, 2018, all full-time employees shall be entitled to the following days of vacation:

First five (5) years of service – ten (10) working days

Next ten (10) years of service – fifteen (15) working days

After fifteen (15) years of service – twenty (20) working days

After twenty-one (21) years of service – twenty-one (21) working days

After twenty-two (22) years of service – twenty-two (22) working days

After twenty-three (23) years of service – twenty-three (23) working days

After twenty-four (24) years of service – twenty-four (24) working days

After twenty-five (25) years of service – twenty-five (25) working days.

Employees must have completed the required years of service with the District before June 30 in order to qualify for the longer vacation within that calendar year. If the service anniversary date falls on or after July 1, eligibility for the longer vacation falls on the following January 1.

- B. The scheduling of vacations for employees shall be on a uniform basis from February 1<sup>st</sup> through November 30<sup>th</sup>. In order to implement this program, vacation schedules shall be developed by January 31<sup>st</sup> of the vacation year. In choosing vacation periods, the employee classes (i.e. Foreman, Leadman and Journeyman) identified on each schedule attached to this Agreement will be considered as a single group in each budgetary section for calculation purposes.
  - 1. The classifications of Foreman and Leadman will be considered a single group in each budgetary section for scheduling purposes. Vacations will be scheduled by classification and then seniority within each classification for each such work group (Foreman and Leadman) in each budgetary section. Only one Foreman or Leadman will be allowed off for vacation in any week in accordance with the Agreement, unless approval is otherwise granted from the Master Mechanic's Office.
  - 2. Journeymen will be considered a single group in each budgetary section for scheduling purposes. Vacations for Journeymen will be scheduled by seniority in each budgetary section. The vacation selections of Foremen and Leadmen will not impact the number Journeymen allowed off for vacation.

In all cases, the Department Head shall have the right to exercise his/her discretion in the approval of all vacation requests. This provision shall in no way

interfere with the right of an employee to take his/her vacation during any time of the year that he/she may request, providing that it meets with the approval of the Master Mechanic.

- C. The maximum number of Journeymen from each trade group identified on schedules attached to this Agreement within a budgetary section allowed off for vacation purposes for the months of February through November shall be determined by dividing the total number of vacation weeks for Foremen (where applicable), Leadmen (where applicable) and Journeymen to be distributed by 31 (the number of vacation weeks between March 1 and September 30), rounding upwards as required. One-third, rounding upwards, of the maximum number of Journeymen from each trade group identified on schedules attached to this Agreement allowed off during the February through November vacation period (31 weeks as defined above), may be allowed vacation during the months of January and December.
- D. Accrued vacation must be used as scheduled unless an employee is directed otherwise by the Master Mechanic. Employees may submit a request through their chain of command to carry over a maximum of five days of vacation to the following year. The requests will be considered on an individual basis, and are approved by the Chief of Maintenance and Operations. The request to carry over vacation must be for a legitimate reason.
- E. When an employee who has unused earned vacation leave to his/her credit is separated from District service, full pay for the amount of such vacation leave will be allowed.
- F. Normally vacation time should be taken in periods of one week (five working days), at a minimum. After employees have submitted their vacation requests in accordance with the vacation schedules in Paragraph B of this Section and the vacation schedule has been finalized, employees may submit requests to use individual vacation days. Such requests will be considered on an individual basis and approved provided there is enough coverage on the day(s) requested. These requests are subject to approval by the Master Mechanic.
- G. New employees will earn a regular vacation of ten working days after completion of one year of service with the District. Thereafter, they will be allowed a regular vacation of ten working days in each calendar year during the first five years of service. A new employee may use half of the above vacation time (five working days) after six months of District service, providing such employee receives the approval of the Master Mechanic.
- H. Any employee who has rendered service as an employee to the Metropolitan Water Reclamation District Retirement Fund, City of Chicago, the County of Cook, the Chicago Park District, the Forest Preserve District of Cook County, the Chicago Public Schools, the Chicago Transit Authority, the Chicago Housing Authority, or the State of Illinois shall have the right to have the period of such service credited and counted for the purpose of computing the number of years of service as employees of the District for vacation credit only. Proof of such service is the responsibility of the employee and may

be established by filing with the Human Resources Department of the District a certificate of such prior service from such former place or places of employment.

Employees of the District must have at least one (1) calendar year's employment with the District before being entitled to vacation credit for prior service with the above other specified governments. The year of service with the District must be completed by June 30.

- I. Vacation leave will continue to accumulate during the period that an employee is off due to sickness.
- J. Vacation benefits will not accumulate during a leave of absence or while on ordinary disability.

For employees on duty disability, vacation benefits will accumulate, commencing from the date of disability for a maximum of two, three, four or five weeks based on the employee's vacation eligibility at the time the employee becomes disabled. Vacation benefits will not accumulate after an employee has been absent on duty disability for more than 12 continuous months. When an employee returns to work after being on duty disability, works for less than one year, then returns to duty disability, the periods of disability shall be combined and considered to be one continuous period of disability. This shall not affect the accumulation of vacation benefits during periods that an employee works.

Employees returning to work from duty disability with an unused vacation balance that has been carried over from the previous year or an unused vacation balance accrued while on duty disability from the previous year shall be required to use this unused vacation balance immediately upon their return to work or at the discretion of the Master Mechanic based on operational needs. This does not preclude an employee's right to request vacation carry over as provided in Paragraph D of this section.

#### SECTION 9. JURY DUTY

Employees required to serve on Jury Duty will receive their regular wages, less jury pay, for any time lost while serving on Jury Duty.

#### <u>SECTION 10. BEREAVEMENT PAY</u>

Such leave shall apply to the death of husband or wife, parents, parents of husband or wife, brothers or sisters, brothers-in-law or sisters-in-law, step-parents, stepparents-in-law, foster parents, children, stepchildren, foster children, sons-in-law or daughters-in-law, grandparents, grandparents of husband or wife, or grandchildren of the employee. Bereavement leave will be provided to individuals who satisfy

the requirements for a documented domestic partnership relationship as specified in Administrative Procedure 10.3.0, Benefit Coverage for Domestic Partners, and have such documentation on file with the District, shall be entitled to be eavement leave for the death of domestic partner, parents of domestic partner, brothers or sisters of domestic partner, stepparents of domestic partner, children or foster children of domestic partner, spouse of domestic partner's children, or grandparents of domestic partner.

Effective January 1, 2017, employees shall be entitled to a maximum of two (2) weeks (10 work days) of unpaid bereavement leave in accordance with the provisions of the Illinois Child Bereavement Leave Act. Such leave shall apply to the death of a child defined as a son or daughter who is a biological, adopted, or foster child, a stepchild, a legal ward or a child of a person standing *in loco parentis*.

The use of three (3) paid bereavement leave days shall be included in the 10-day entitlement period. An employee may cover the remaining seven (7) unpaid bereavement leave days with available paid time off benefits.

The District may request reasonable documentation to verify the use of bereavement leave.

#### **SECTION 11. SICK LEAVE**

- A. Employees shall be credited with eight days of sick leave in 2008. Effective January 1, 2009, employees will be credited with twelve days of sick leave. There is no maximum accumulated sick leave balance. No employee will be eligible for sick leave with pay until the first month of employment is completed. New employees starting after January 1 in any given year, will accumulate sick leave credit at the rate established below and shall receive on the following January 1 the full sick leave credit due for that year. For new employees starting after January 1, 2008, sick leave credit shall commence after the first month of employment and accumulate at the rate of 5.25 hours for each month of service until the following January. Sick leave accumulation for new employees will be at the rate of 8 hours per month effective January 1, 2009.
- B. Sick leave will continue to accumulate during the period that the employee is off due to sickness.
- C. Sick leave will not accumulate during a leave of absence or while on ordinary disability.
  - Sick leave benefits will accumulate while an employee is on duty disability. No employee on duty disability shall accumulate more than 120 workdays of sick leave credit.
- D. Employees reinstated to the District's service within one year following resignation will be credited with any unused sick leave accumulated during prior service. Employees must have at least one year's service following reinstatement before being entitled to such credit.

- E. If an employee has been absent due to sickness, the immediate supervisor may require a Doctor's Certificate to verify the illness.
- F. Employees proven to be abusing sick leave privileges may be subject to disciplinary action. If the employee is suspended for such cause on two separate occasions, charges may be filed for the dismissal of permanent employees; employees on provisional appointment may be discharged without filing charges.

#### G. Annual Sick Leave Payout

Employees with a District start date prior to November 2, 1994 who are eligible to accumulate sick leave credits, shall receive on or about the first day of December in each year a cash payment of 33-1/3 percent of the unused portion of sick leave credits accumulated by the employee as of November 1 in excess of 120 sick leave days, up to a maximum of five (5) days' pay earned (15 sick leave days) in any one year.

Employees with a District start date prior to November 2, 1994 shall be paid for such percentage of the sick leave accumulation at the rate of pay which the employee was receiving on November 1 of the year in which payment is made. The amount of time for which an employee is paid shall be deducted from the employee's total accumulation.

For employees with a District start date on or after November 2, 1994, there will be no cash payment for any unused accumulated sick leave on an annual basis.

#### Sick Leave Payout at Separation

When an employee with a District start date prior to November 2, 1994 separates from the District for reasons other than discharge, such employee shall receive a payment for fifty percent (50%) of his or her accumulated sick leave balance at the time of separation to a maximum of sixty (60) days' pay. The payout shall be calculated at the rate of pay the employee was receiving at the time of separation.

When an employee with a District start date of November 2, 1994 through December 31, 2011 separates from the District for reasons other than discharge, such employee shall receive a payment for fifty percent (50%) of his or her accumulated sick leave balance for either the amount of sick leave accumulated through December 31, 2011, or the amount of sick leave the employee has at the time of separation, whichever is lesser, but in no instance shall the amount of accumulated sick leave eligible for payout be greater than 120 days. The payout amount shall be calculated at the rate of pay the employee was receiving at the time of separation to a maximum of 60 days' pay.

For employees with a District start date of January 1, 2012 or later, upon separation for reasons other than discharge, the employee will receive a payment for fifty percent (50%) of his or her accumulated sick leave balance at the time of separation to a maximum of 15 days' pay. The payout amount shall be calculated at the rate of pay the employee was receiving at the time of separation.

H. Effective October 1, 1997, paid sick leave may be utilized for a serious health condition other than the employee's as defined by the Family and Medical Leave Act (FMLA). If the employee's sick leave is exhausted prior to the expiration of the approved FMLA leave of absence, the employee may use any other paid leave available, as defined in the Family and Medical Leave Act Administrative Procedure in effect at the time the leave is being used, then unpaid leave for the remainder of the FMLA period. Employees must apply for and be granted an FMLA leave of absence in accordance with District policy prior to use of sick leave for a serious health condition for a family member as defined in that policy.

#### SECTION 12. TERMINATION PAY

Employees with a District start date prior to November 2, 1994, who have completed five or more years of actual service to the District, shall receive upon final separation from that service for reasons other than discharge, termination pay to a maximum of thirty days' pay in accordance with the following schedule:

- One day's pay for each of the first five years of service
- One and one-half days' pay for each of the next ten years of service
- Two days' pay for each of the next five years of service.

The payout shall be calculated at the rate of pay the employee was receiving at the time of separation.

Employees of the District with a District start date of November 2, 1994 through December 31, 2011, and who have completed five or more years of actual service to the District shall receive, upon final separation from that service for reasons other than discharge, termination pay of a minimum of one day's pay to a maximum of thirty (30) days' pay at the rate the employee was receiving at the time of separation, and subject to the additional conditions set forth herein in accordance with the following schedule:

- One day's pay for each of the first five years of service
- One and one-half days' pay for each of the next ten years of service
- Two days' pay for each of the next five years of service.

Employees with a District start date of November 2, 1994 through December 31, 2011 will not be eligible for and will not be paid for any termination pay pursuant to the above schedule for any years of service beyond December 31, 2011.

Employees with a District start date after December 31, 2011, shall not be eligible for termination pay upon separation from District service.

#### SECTION 13. TRANSFERS IN SAME CLASS

These procedures will apply to all transfers between sections, and specifically do not apply to work assignments within a budgetary section.

- A. An employee desiring transfer shall complete and submit to his immediate supervisor a copy of the "Employee's Request for Transfer" form. The supervisor shall date and initial the transfer request form upon receipt and provide a copy to the employee.
- B. The request will be promptly routed through supervisory channels as indicated on the form. A copy will be returned to the employee as soon as the routing has been completed.
- C. Whenever a vacancy occurs, an attempt will be made to fill such vacancy by transfer at the request of a present employee. An employee on Ordinary Disability, Duty Disability, an unpaid Leave of Absence, or not otherwise actively at work will not be considered for transfer. An employee on Ordinary Disability, Duty Disability or unpaid Leave of Absence with a valid transfer request will be considered for transfer if he/she has an established return to work date and the department has determined that the position can remain vacant until that established return to work date. Except as hereinafter provided, all such transfers will be made in accordance with seniority, unless, in any given situation, it is not in the best interest of the District to do so.
- D. Seniority shall be measured by continuous service in the class in which the employee is employed at the time seniority is determined.
- E. A probationary employee may submit a request for transfer, but shall not normally be considered for actual transfer until after final completion of the probationary period.
- F. A provisional employee may submit a request for transfer, but shall not normally be considered for transfer until similar requests from permanent and probationary civil service employees have been satisfied.
- G. Any request for transfer which has been submitted less than thirty calendar days prior to the occurrence of a vacancy shall not normally be considered for transfer to such vacancy until similar requests submitted thirty or more days prior to the occurrence of the vacancy have been satisfied.
- H. The Human Resources Department will establish suitable rosters of all requests for transfer into, and out of, each work location. These rosters will be available for reasonable examination by employees and their representatives during regular business hours at the Main Office.

I. Any and all requests for transfer submitted by an employee shall remain on the rosters and shall be deemed valid and current unless and until either the request is satisfied or the employee submits a written authorization to withdraw the request. A request for transfer or a request to withdraw a transfer are deemed to be valid when the form for such request(s) has been submitted to the employee's immediate supervisor, the immediate supervisor has initialed and dated the form(s) and returned a copy to the employee. The immediate supervisor will forward the form(s) to the appropriate section within the Human Resources Department, the request(s) will be processed, and a copy of the form(s) indicating the request(s) have been processed will be returned to the employee. If the employee has not received a copy of the processed form(s) within ten (10) working days, the employee shall ask his/her immediate supervisor to inquire if the request(s) have been received and processed to ensure his/her request(s) are on file.

As soon as practical upon execution of this Agreement, employees will enter a request for transfer or a request to withdraw a transfer through an official electronic format. A request for transfer or a request to withdraw a transfer are deemed to be valid only after 1.) the form for such request(s) has been entered into an official electronic format, 2.) the request(s) is reviewed and approved by the Human Resources Department and notification of the request is sent to the employee and supervisor. If the employee has not received notification within ten (10) working days, the employee shall ask his/her immediate supervisor to inquire if the request(s) have been received and processed to ensure his/her request(s) are on file.

A written authorization to withdraw a transfer request must be entered into the official electronic format and received and processed by the Human Resources Department prior to the notice to the employee's immediate supervisor that the employee is being transferred. "Notice" is defined as the date and time that an e-mail is sent to the immediate supervisor to tell the employee he/she is being transferred.

After an official electronic format for transfers has been implemented and operating for six months, employees will be notified by mail that they have 30 calendar days to review and update their own transfer requests in the electronic format. Thereafter, there will not be any transfer waivers allowed and the most senior employee with a valid transfer request will be transferred.

- J. Any employee who has been transferred in accordance with this Section shall not be considered for another transfer for a period of six months from the date of transfer, unless it is in the best interest of the District to do so.
- K. Once a position has been determined to be an ultimate vacancy, and a requisition has been generated to fill the position, and signed by the Director of Human Resources, no transfer requests will be honored to that position.
- L. If a vacancy occurs that the District desires to fill, and if said vacancy cannot be filled by voluntary transfer, an involuntary transfer of the least senior employee in a section with budgetary designations "#1," "#2," or "(AC)" where the employee's job duties are no

longer required will occur. If an employee returned to work from ordinary disability or a leave of absence and was temporarily placed into a position with a budgetary designation of "108", the least senior employee in the section with the "108" position will be involuntarily transferred first, before considering an involuntary transfer of the least senior employee in a section with budgetary designations "#1," "#2," or "AC".

M. An employee on an unpaid Leave of Absence, or on Ordinary Disability or Duty Disability will not be vacated from his/her position until he/she has been on an unpaid Leave of Absence, or Ordinary Disability for three (3) months or Duty Disability for five (5) months.

An employee who has been continuously absent without leave (AWOL) will not be vacated from his/her position until he/she has been AWOL for three (3) months.

N. Employees may be temporarily reassigned pending completion of an investigation by the District as outlined below. The temporary reassignment will continue until the District makes a determination regarding potential discipline. Upon completion of an investigation, if the District determines that the allegations are unsubstantiated, the temporary reassignment(s) will no longer continue and the employee(s) will be returned to the position they held prior to the investigation.

Employees may ultimately be transferred in the best interest of the District and the employee(s) if the District substantiates the allegations and issues disciplinary action short of discharge or disciplinary action short of discharge by the Civil Service Board has been taken in accordance with the following:

- Administrative Procedure 10.27.0, Rules for Employee Conduct
- Administrative Procedure 10.40.0, Workplace Violence
- Administrative Procedure 10.5.0, Anti-Harassment, Anti-Discrimination, and Anti-Retaliation Policies and Reporting Procedures

In these instances, the District will notify Building Trades Coalition and Chicago Regional Council of Carpenters of the allegations and investigation, the disciplinary action, and the need to make a transfer(s) to prevent any further violations or inappropriate conduct by an employee(s). The District will consider transfer requests on file when making the determination on transferring employees. These transfers will not be executed without the approval of the Executive Director.

Employees who are transferred in accordance with the above language as a result of their actions based on the allegations, investigation and subsequent discipline shall not be eligible for a voluntary transfer for a period of two years. Such employees shall forfeit their seniority rights for transfer purposes only and be considered first (least senior) for an involuntary transfer if such employee is in a section with budgetary designations of "#1," "#2," or "AC," unless it is not in the District's best interest to do so. Such employee's seniority for transfer purposes will be the date the employee is transferred from his/her current section following disciplinary action.

Employees who are involuntarily transferred in accordance with the above language and who were not a party to the allegations, investigation or subsequent discipline based on the incident, which resulted in their involuntary transfer, may submit a transfer request immediately to return to the location and shift the employee was transferred from and the six month and 30 day restriction will not apply. The involuntarily transferred employee who has submitted a transfer request will be the first employee eligible for such transfer to return to the location and shift the employee was transferred from, if such transfer does not require the waiver of a crosshatch.

Any updates or new Administrative Procedures issued regarding the topics above during the term of this Agreement will be included for the purpose of a temporary reassignment, and/or transfer.

#### SECTION 14. SENIORITY

Seniority shall be measured by continuous service in the class in which the employee is employed at the time seniority is determined.

When one or more but less than all employees occupying the positions in a single class are to be laid off, such employees shall be laid off in the order of lowest seniority.

#### SECTION 15. AUTO AND MEAL ALLOWANCE

- A. Employees authorized to use their private motor vehicles for District business on a regular basis will be compensated at the rate established as District Policy by the Director of Finance/Clerk for all such miles.
- B. Any employee requested by the Plant, Section, or Department Head to report to the Main Office or other District facility for District business during working hours shall be entitled to mileage allowance in the amount of one round trip from the Plant to the Main Office or other facility, if transportation is not provided.
- C. When an employee is required to work unscheduled overtime immediately following a regular tour of duty and such employee works twelve (12) or more consecutive hours, he/she shall be allowed \$10.00 for meal compensation after completing the twelfth consecutive hour of work. Meal time periods shall not exceed one hour in time.

#### <u>SECTION 16. INSURANCE AND BENEFITS</u>

The District shall provide health insurance coverage to the employee or dependents, either single, employee plus one dependent, or family plan as appropriate to regular full-

time employees. Health Insurance coverage also includes domestic partners in accordance with Administrative Procedure 10.3.0, and civil union partners in accordance with Administrative Procedure 10.43.0. Domestic partner or civil union partner eligibility may be redefined in any updated or new Administrative Procedure. Employee contributions will be based on a percentage of the actual claims cost for single, employee plus one dependent, or family coverage, and deducted 24 pay periods per year.

Effective January 1, 2018, costs for employees in the health maintenance organization (HMO) program will be based on thirteen percent (13%) of the actual cost for that program for a twelve month period ending August 31, 2017.

Effective January 1, 2020, costs for employees in the PPO program will be based on fourteen percent (14%) of the actual cost for that program for a twelve month period ending August 31, 2019.

The Union will cooperate with the District in developing programs to contain the cost of health care.

Prior to January 1 of each calendar year all employees will have the option of selecting HMO or PPO coverage.

a. The benefits provided for herein shall be provided through a self-insurance plan or under a group insurance policy, selected by the District. All benefits are subject to the provisions of the policies between the District and the insurance company but will not be diminished during the term of this Agreement.

An employee will not be subject to disciplinary action for voluntarily seeking the assistance of the EAP for an alcohol, drug, or substance abuse problem(s). Enrollment in an EAP following a violation of this policy may not preclude discipline.

## C. <u>Drug and Alcohol Testing</u>

The District may direct urinalysis or a breathalyzer test when the highest available supervisor, after observing such employee, has a reasonable suspicion of improper drug or alcohol use by the employee.

- 1. For this policy, drugs are defined as any illegal drugs or illegally used prescription drugs.

- 5. A positive initial screening of a drug test will be subject to a confirmatory test. A positive confirmatory test will be considered as a positive drug test, and a violation of this policy. A negative screen test or negative confirmatory test will be considered as a negative drug test. No disciplinary action shall result from a negative test. The employee shall be made whole and all references to the test will be removed from the employee's file.
- 6. At the time the urine sample is collected, the employee may request a split sample to be analyzed by an independent laboratory certified by SAMHSA. The independent laboratory must also maintain strict chain-of-custody procedures. The split sample testing requested by the

employee will be at the employee's expense and subject to the same standards as the laboratory selected by the District.

Employees found to be under the influence of alcohol, test positive for drugs, or violate this policy by the use, abuse, possession, distribution, or sale of alcohol or drugs on District premises or while on duty may be subject to disciplinary action up to and including discharge. Disciplinary action will be considered on an individual basis.

Employees found to be in violation of this policy may be required to enter into a Stipulation of Facts and an Agreement with the District and the Civil Service Board as a condition of continued employment. That Agreement may require an employee to initiate counseling and referral through the Employee Assistance Program. The employee will also be required to provide permission for any EAP treatment agency, organization, and aftercare provider to provide proof of participation and compliance to the District. Such employees will also be subject to periodic drug and/or alcohol testing. Failure to abide by the terms of the Agreement, which may also include any violation of District rules, regulations, policies, or applicable collective bargaining agreement, a positive drug test, or an alcohol test which determines an employee is under the influence may result in discharge by the Civil Service Board.

#### J. Changes to Performance Ratings

Requests by the Union for a reasonable number of employees to be excused from work with pay to attend Step III Grievance or Arbitration meetings will be allowed for the period necessary for employees who actually attend such meetings. Attendance at a Step III Grievance or Arbitration hearing outside of the employee's regular work hours will

not be compensated if the meeting is scheduled on an employee's day off or outside the employee's regular work hours, however every attempt will be made to schedule the hearing during the employee's regular work hours on a day the employee is scheduled to work. Employees shall not be allowed mileage and parking expenses for attending Step III Grievance or Arbitration meetings.

#### SECTION 19. FINAL AND BINDING ARBITRATION

Arbitration may be resorted to only when issues arise between the parties hereto with reference to the interpretation, application or enforcement of the provisions of this Agreement except, however, that the following subjects shall not be submitted nor subject to binding arbitration:

- 1. The elimination or discontinuance of any job where the tasks being performed on the job are no longer necessary, or where the Board of Commissioners through the budget process eliminates or discontinues jobs.
- 2. Any Pension matter.

The specific exceptions noted above are not intended to limit the right of the Union to proceed to final and binding arbitration in disputes affecting the entitlement of employees to existing and establishing wages, hours and other conditions of employment as specifically set forth in this Agreement.

The parties agree that the Director of Human Resources will contact the National Academy of Arbitrators for a listing of Academy Arbitrators who reside in Illinois, Indiana, or Wisconsin. Once the list is obtained, a copy will be given to the Union. Both parties will then select from this list six Arbitrators that each party wants to serve on the Roster of Arbitrators. The parties will then exchange lists and strike three names from the list of the other party. The District and the Union will notify each other of the three names remaining on the list. The Director of Human Resources will then send a written request to each of the six named Arbitrators and ask him/her to serve on the Roster of Arbitrators. Arbitrators will advise the parties of their fees and expenses prior to selection and will be expected to charge such fees and expenses. Payment of Arbitrator fees and expenses, including the cost of the transcription service, will be borne equally by both parties. Arbitrators will also be told that they will have to select a date for arbitration within sixty days of notice that a grievance is ready for arbitration and submit their decision within sixty days following such hearing.

If any selected Arbitrator refuses to be on the Roster of Arbitrators, or later withdraws, the party which selected the Arbitrator will then contact other Arbitrators from the Roster of Arbitrators' list provided by the other party to obtain their agreement to be on the Roster of Arbitrators so that each party will have a full complement of three selected Arbitrators on the Roster of Arbitrators.

These Arbitrators will then be listed in alphabetical order on a list retained by both the Director of Human Resources and the Union. As grievances become ready for arbitration, Arbitrators will

be contacted in an alphabetical order to obtain an Arbitrator's commitment to arbitrate the respective grievances within the stated time limit.

Arbitrators will be contacted by the Director of Human Resources in an alphabetically rotating manner within seven days from the date the grievances are submitted to the arbitration process. The parties may agree to submit more than one grievance to a selected Arbitrator. The decision of the Arbitrator shall be final and binding upon the Union, the District, and the employee(s). The Arbitrator's authority shall be limited to making a decision on the grievance in question which conforms with the terms of this Agreement. The Arbitrator shall have no right to add to, take from, or modify any of the provisions of this Agreement.

Upon renewal of the Agreement each party has the right to remove three arbitrators from the roster of arbitrators and replace them with other Arbitrators selected from the ranks of the National Academy of Arbitrators, in accordance with the procedures given in this Section of the Agreement. Arbitrators will continue to be listed on the Roster of Arbitrators until removed in this manner.

#### SECTION 20. NO STRIKE-NO LOCKOUT

- A. During the term of this Agreement, neither the Union nor its agents nor any employee covered by this Agreement for any reason, will authorize, institute, aid, condone, or engage in a slowdown, work stoppage, strike, or any other interference with the work and statutory functions or obligations of the District. During the term of this Agreement, neither the District nor its agents for any reason shall authorize, institute, aid, or promote any lockout of employees covered by this Agreement.
- B. The Union agrees to notify all local officers and representatives covered under this Agreement of their obligation and responsibility for maintaining compliance with this Section, including their responsibility to remain at work during any interruption which may be caused or initiated by employees covered under this Agreement and to encourage such employees violating Section 20A to return to work.
- C. The District may discharge or discipline any employee who violates Section 20A and any employee who failed to carry out his/her responsibilities under Section 20B, and the Union will not resort to the Grievance Procedure on such employee's behalf.

#### D. <u>Union Action in Event of a Strike</u>

Should a strike or concerted slowdown or stoppage of work by employees of the District covered under this Agreement occur during the term of this Agreement, the Union, before the end of the next scheduled workday after receipt of written notice from the District, shall be obligated to do the following things:

1. Advise the District in writing that the strike or stoppage has not been called or sanctioned by the Union. Failure on the part of the Union to immediately denounce the strike, work stoppage, slowdown, or other interference with District

operations, and/or to order its members back to work, shall constitute an admission on the Union's part that such strike, work stoppage, slowdown, or other interference with District operations is authorized.

2. Provide copies of the following notice on Union letterhead to be posted on bulletin boards in the Plant and other District facilities:

"We have been advised by the Metropolitan Water Reclamation District of Greater Chicago that a strike, stoppage or slowdown has occurred in the District. Inasmuch as no strike, slowdown or stoppage has been called or sanctioned by the Union, if you are engaged in any such strike, slowdown, or stoppage, you are hereby instructed to return to work immediately."

E. Nothing contained herein shall preclude the District from obtaining judicial restraint and damages in the event of a violation of this Section.

#### SECTION 21. SEPARABILITY AND NOTICE

#### A. AID TO CONSTRUCTION OF PROVISIONS OF AGREEMENT

If any part of this Agreement is determined by a Court of Law, the Illinois Labor Relations Board, or other operation of law to be invalid or inapplicable to any employees covered by this Agreement, all other provisions of this Agreement shall remain in full force and effect. Either party to this Agreement shall have the right to re-open negotiations to determine how issues relating to such affected sections of the Agreement shall be resolved.

## B. NOTICES

All notices required under this Agreement shall be in writing and sent by the Union to the District in triplicate to the following:

- 1. Executive Director
- 2. Director of Human Resources
- 3. Labor Negotiator

Notices sent by the District shall be mailed to the labor organization officials identified in Schedules A through L of this Agreement. The District will notify the Union when any employees are hired or terminated in the classifications covered under this Agreement.

#### SECTION 22. AMENDMENTS AND ENTIRE AGREEMENT

A. The Parties acknowledge that during the negotiations which resulted in this Agreement, each has had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective

bargaining, and that the understandings and agreements arrived at by the parties after exercise of that right and opportunity are set forth in this Agreement. Therefore, the District and the Union, for the duration of this Agreement, each voluntarily and unqualifiedly waives that right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to, or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement, and for the duration of this Agreement the District shall not reduce or eliminate any fringe benefit or working rule contained in this Agreement. This Agreement may only be amended during its term by the parties' mutual agreement in writing. Such mutually agreed modification or amendment shall be binding on the District, the Union, and the employees.

B. The District and the Union agree that this Agreement terminates and cancels all collective bargaining agreements made between the parties hereto prior to the date of execution hereof.

#### SECTION 23. NON-DISCRIMINATION

Neither the District nor the Union will discriminate against any employee in the Bargaining Unit with regard to wages, hours, or conditions of employment on the basis of race, sex, age, religious affiliation, or national origin in violation of any current Federal or Illinois law, or any enacted or revised definition of protected classes during the term of this Agreement. Allegations of discrimination shall not be pursued through the grievance procedure but shall be submitted to the appropriate State or Federal agency.

#### SECTION 24. DURATION OF AGREEMENT

A. This Agreement shall become effective on July 1, 2017, and shall continue in full force and effect through June 30, 2020, and from year to year thereafter unless at least 60 days prior to June 30, 2020, or at least 60 days prior to June 30 of any year thereafter, notice is given in writing by any party to terminate this Agreement or to negotiate a successor Agreement. If the parties are unable to reach an Agreement on a successor Agreement prior to the expiration of this Agreement or any extension thereof, which is mutually agreed by the parties, this Agreement shall expire on July 1 following the date of notice or the expiration date of the extension. Any Agreement to extend the expiration date shall be mutually agreed to by the parties in writing and approved by the District's Executive Director and Board of Commissioners.

B. If the parties are unable to reach agreement on a successor Collective Bargaining Agreement, the parties agree to request the services of a Mediator from the Local Labor Relations Board. The parties agree to split the expenses of the Mediator equally. Further, if the parties are unable to reach agreement on a successor Collective Bargaining Agreement, after mediation and upon expiration of the current Agreement, the parties may mutually agree to extend this Agreement and to submit the dispute to a Fact Finder who will be selected in accordance with the provisions of the Illinois Public Labor Relations Act. In accordance with the Act, the findings of the Fact Finder shall be advisory only.

Position Classification	Hourly Rate	<b>Effective</b>
Architectural Ironworker	\$46.75	6/1/17
Architectural Ironworker Leadman	\$50.25	6/1/17

- B. During the term of this Agreement the District shall, upon written notification by the Union, increase the rates in Paragraph A above to equal the "direct wage rate" in the local labor market. The effective dates of wage increases for District employees shall be the same as the effective date of the "direct wage rate" adjustment in the local labor market.
- C. If the District determines that shift work of five days or more duration is required, employees assigned to such work shall be compensated as follows:

When two shifts are employed, each shift shall work seven and one-half hours for eight hours' pay at regular time; when three shifts are employed, seven hours shall constitute a day's work for each shift for which a regular wage of eight hours shall be paid or a proportionate part thereof for time worked.

It is understood that the amount of deduction from non-member bargaining unit employees will not exceed the regular monthly union dues and represents the employee's fair share cost of the collective bargaining process, contract administration and pursuing matters affecting wages, hours and conditions of employment. Fair share deductions shall be effective from the first date of employment.

The Union shall indemnify, defend and hold the District harmless against any and all claims, demands, suits, or other forms of liability that shall arise out of or by reason of action taken or not taken by the District for the purpose of complying with the Union's obligations to meet the constitutional and other legal requirements stated in the preceding paragraph.

Nothing in this Agreement shall be inconsistent with Section 6(g) of the Illinois Public Labor Relations Act in protecting the right of non-association of employees based upon the bona fide religious tenets or teachings of a Church or other religious body of which such employees are members.

#### 3. NOTICES

Notices sent by the District shall be mailed to the President-Business Manager of the International Union of Operating Engineers, Local No. 150, AFL-CIO.

### 4. <u>APPRENTICESHIP PROGRAM</u>

The Union and the District may agree to an addendum to this Schedule regarding apprentices, which would include wage rates.

#### 5. ACTING ASSIGNMENTS

An Acting Foreman will be designated when there are 8 or more employee Hoisting Engineers assigned to a job and there are no other Hoisting Engineer Foremen at that job site.

#### 6. DRUG AND ALCOHOL TESTING POLICY

Effective October 1, 1997, all employees in the Hoisting Engineer and Hoisting Engineer Foreman classifications will be required to possess a valid Illinois Class A or Class B Commercial Driver's License (CDL) with endorsement for air brakes as a condition of continued employment.

Effective July 1, 1997 the following Drug and Alcohol Testing Policy will apply to all employees in the Hoisting Engineer and Hoisting Engineer Foreman classifications:

#### DRUG AND ALCOHOL TESTING POLICY

#### A. Policy Statement

The Metropolitan Water Reclamation District (District) is committed to the principle that professionalism in the delivery of public service can be maintained only through an alcohol and drug-free work environment. The District has the right to expect its employees to report for duty drug and alcohol free, and to maintain that status while on duty. The use, abuse, possession, distribution, or sale of drugs and/or alcohol by District employees on District premises, including District owned vehicles, or while on District business are unacceptable. Employees in violation of this policy may be subject to disciplinary action up to and including discharge. The Union and the District agree to modify this policy as necessary to remain in compliance with the Federal Department of Transportation testing requirements.

#### B. Voluntary Treatment

The District and the Union strongly encourage employees to voluntarily make use of the Employee Assistance Program (EAP) for any alcohol, drug, or substance abuse problem. Employees may initiate counseling, referral and aftercare on a voluntary basis prior to a violation of this Drug and Alcohol Testing Policy. An employee will not be subject to disciplinary action for voluntarily seeking the assistance of the EAP for an alcohol, drug, or substance abuse problem(s). Enrollment in an EAP following a violation of this policy may not preclude discipline.

## C. Prohibitions

The Omnibus Transportation Employee Testing Act of 1991 (Act) prohibits employees covered by this Agreement from operating a District vehicle or performing related safety-sensitive duties if engaged in any of the following conduct:

- using alcohol on the job;
- being in possession of alcohol while on duty or operating a District vehicle;

- having a prohibited blood alcohol concentration of .02 or greater while performing a safety-sensitive function;
- having used alcohol during the four hour period prior to going on duty;
- using alcohol within eight hours following an accident requiring a breathalcohol test, or until tested;
- refusing to submit to a required drug and/or alcohol test;
- being a current user of an illegal drug;
- reporting for duty while impaired from any prescribed therapeutic drug or controlled substance; and
- being in possession of any unauthorized controlled substance.

Employees are also prohibited from operating District vehicles and performing safety-sensitive duties if they are using a legally prescribed controlled substance that adversely impacts their ability to safely operate a vehicle. Employees must notify their supervisors of the use of any prescribed therapeutic drug, the drug being used, its effects and the prescribed duration of such use.

## D. <u>Drug and Alcohol Testing</u>

The District may direct urinalysis or a breathalyzer test in the following circumstances in accordance with the Act:

- 1. Post-accident testing will be done in accordance with current D.O.T. regulations.
- 2. Random testing to be done at least four times per year on an unannounced basis equal to 50 percent of the employees covered by this Agreement.
- 3. Reasonable suspicion testing when the highest available supervisor, after observing such employee, has a reasonable suspicion of improper drug or alcohol use by the employee.
- 4. Return-to-work testing prior to reinstatement following a positive drug and/or alcohol test.
- 5. Follow-up testing on an unannounced basis at least six times within a 12 month period following a positive test. Follow-up testing may be extended up to 60 months following return to duty after a positive test.
- 6. For this policy, drugs are defined as any illegal drugs or illegally used prescription drugs.

- 7. Urine sample collection will be done by a facility or facilities selected by the District. Those facilities will be required to maintain a strict chain-of-custody procedure to ensure confidentiality, privacy, and uncontaminated samples.
- 8. Employees must sign the necessary form(s) prior to testing. Failure to sign the necessary form(s) or to comply with testing will be considered a positive test, and may subject an employee to disciplinary action up to and including discharge.
- 9. Urine samples will be analyzed by a laboratory selected by the District and certified by the federal Substance Abuse and Mental Health Services Administration (SAMHSA) to perform such analysis. The laboratory will be required to maintain a strict chain-of-custody procedure for all samples.
- 10. A positive initial screening of a drug test will be subject to a confirmatory test. A positive confirmatory test will be reviewed and interpreted by a physician Medical Review Officer (MRO) prior to notifying the District of a positive drug test. The MRO will contact the employee when notified by the laboratory of a positive drug test to determine if there is an alternative medical explanation for the positive drug test. If the employee provides appropriate documentation and the MRO determines that it is legitimate use of the prohibited drug, the drug test result is reported as negative to the District. A negative screen test or negative confirmatory test will be considered as a negative drug test. No disciplinary action shall result from a negative test. The employee shall be made whole and all references to the test will be removed from the employee's file. A positive drug test will be considered a violation of this policy.
- 11. At the time the urine sample is collected, the employee will be required to provide a split sample. Both samples will be sent to the laboratory selected by the District. The primary specimen will be analyzed. If the test result of the primary specimen is positive, the employee may request within 72 hours of notice of a positive test that the MRO direct that the split specimen be tested by a different SAMHSA certified laboratory. If the test of the split specimen fails to reconfirm the positive primary test, the MRO shall cancel the test and report the cancellation to the District and the employee. The split sample testing requested by the employee will be at the employee's expense.
- 12. Employees directed to take a breathalyzer alcohol test will also be required to complete the necessary form(s) prior to testing. Failure to complete the necessary form(s) or to comply with testing will be considered a positive test, and may subject an employee to disciplinary action up to and including discharge. The breathalyzer alcohol test will be done using an evidential breath testing device approved by the National Highway Traffic Safety Administration. If the alcohol concentration is .02

or greater, a second confirmation test will be conducted. Employees with a blood-alcohol content of .02 or greater will be considered in violation of this policy.

## E. Action to be Taken for Employees in Violation of this Policy

Employees found to be misusing alcohol, test positive for drugs, or violate this policy by the use, abuse, possession, distribution, or sale of alcohol or drugs on District premises or while on duty may be subject to disciplinary action up to and including discharge. Disciplinary action will be considered on an individual basis. In accordance with the Act, the employees with an alcohol concentration of .02 to .039 will be removed from duty for a 24 hour period, and will be required to have an alcohol concentration of less than .02 to return to work. If an employee has an alcohol concentration of .04 or greater, the employee will be removed from duty. If a determination is made to reinstate the employee, prior to such reinstatement, the employee must be evaluated by a substance abuse professional, complete and comply with any recommended treatment, have an alcohol concentration of less than .02 on a return-to-duty test, and be subject to unannounced follow-up alcohol tests. If an employee tests positive for drugs and a determination is made to reinstate such employee, prior to reinstatement, the employee must be evaluated by a substance abuse professional, complete and comply with any recommended treatment, test negative on a return-to-duty drug test, and be subject to follow-up testing.

Employees found to be in violation of this policy may be required to enter into a Stipulation of Facts and an Agreement with the District and the Civil Service Board as a condition of continued employment. That Agreement may require an employee to initiate counseling and referral through the Employee Assistance Program. The employee will also be required to provide permission for any EAP treatment agency, organization, and aftercare provider to provide proof of participation and compliance to the District. Such employees will also be subject to periodic drug and/or alcohol testing. Failure to abide by the terms of the Agreement, which may also include any violation of District rules, regulations, policies, or applicable collective bargaining agreement, a positive drug test, or an alcohol test which determines an employee is under the influence may result in discharge by the Civil Service Board.

#### 7. PAY DIFFERENTIAL FOR TRAIN OPERATION

The Hoisting Engineer assigned to the Railroad Unit to operate the train at the Stickney Water Reclamation Plant will receive a four percent (4%) inconvenience pay differential while operating the train.

8.	OVERTIME

A Hoisting Engineer Foreman or Acting Foreman shall be required to work overtime whenever there are four (4) or more employee Hoisting Engineers working overtime under the Foreman's supervisory control.

Mr. David St. Pierre, Executive Director

Authorization to enter into an Intergovernmental Agreement with the City of Chicago Department of Streets and Sanitation to accept woodchips at the Harlem Avenue and Calumet Solids Management Areas to facilitate biosolids composting operations

#### Dear Sir:

The current Intergovernmental Agreement between the District and The City of Chicago Department of Streets and Sanitation to accept wood chips at the Harlem Avenue and Calumet Solids Management Areas (HASMA and CALSMA) expires on December 31, 2017. Under the current Agreement, the District has received over 80,000 cubic yards of wood chips from the City of Chicago, facilitating the production of over 70,000 cubic yards of Class A Exceptional Quality composted biosolids.

The Intergovernmental Agreement has proven beneficial to both parties. The City of Chicago has an outlet for the wood chips produced from citywide tree trimming operations, affording them operational flexibility and reducing storage concerns. The District receives bulking material necessary for successful biosolids composting at no cost.

Both parties have expressed interest in continuing this partnership at no cost to either party. It is recommended that the District enter into an Intergovernmental Agreement with the City of Chicago to continue to accept wood chips at HASMA and CALSMA through December 31, 2020.

#### TRANSMITTAL LETTER FOR BOARD MEETING OF NOVEMBER 2, 2017

#### COMMITTEE ON MONITORING AND RESEARCH

Mr. David St. Pierre, Executive Director

Authorization to extend the term of the Memorandum of Understanding with Aarhus Vand A/S of Denmark for Engaging in a Knowledge Exchange Program

Dear Sir:

Authority is requested to extend the term of the Memorandum of Understanding (MOU) with Aarhus Vand A/S of Denmark (Aarhus Vand) for engaging in a knowledge exchange program.

On October 16, 2014, the Board of Commissioners authorized the Metropolitan Water Reclamation District of Greater Chicago (District) to enter into an MOU between the District and Aarhus Vand. Aarhus Vand is an independent regional water and wastewater enterprise located in southern Denmark that is wholly owned by the municipality of Aarhus. On November 1, 2014 the MOU was executed. The MOU has a termination date of three years from date of execution, placing the expiration date as October 31, 2017. The MOU has provisions for extension of the MOU with the approval of both parties.

The District and Aarhus Vand share many common goals, such as effective water management, sustainable operations, efficient customer service, technical proficiency, and environmental stewardship. The MOU has provided the basis for a knowledge exchange program, which has served as a forum for District technical staff and Danish experts to share knowledge, exchange experiences, and engage in thoughtful discourse about the water sector and the wastewater treatment area for the mutual benefit of each entity.

Over the past three years, a number of activities have taken place under the auspices of the MOU to the mutual benefit of both parties. Past and on-going activities include:

- 1. Transfer of technical information on each entity's on-going research towards mainstream short-cut nitrogen removal, biological phosphorus removal, and phosphorus recovery.
- 2. Transfer of information on each entities efforts towards energy neutrality and renewable energy production.
- 3. Process optimization analysis performed by Danish experts on the Hanover Park WRP, and a workshop presentation to District staff.
- 4. A treatment plant operator from the M&O Department spent two months working as a staff member at the Aarhus Vand wastewater treatment plants, where she learned about the host utility's operational model, technical approaches, and organizational culture.
- 5. Three District employees traveled to Denmark for a one-week fact-finding tour of Aarhus Vand's operations and approaches to biological phosphorus removal, sidestream anammox treatment, and stormwater management.

#### File #: 17-1109, Version: 1

- 6. Two Danish exchange students from a technical university spent one month as interns at the District water reclamation plants learning about resource recovery, energy neutrality, and the District's wastewater treatment operations.
- 7. Members of the Aarhus Vand Board of Commissioners and their CEO met with District Commissioners and the Executive Director during WEFTEC 2015 to exchange knowledge about utility financing and leadership.
- 8. Members of the District's Operations Challenge team mentored the members of the Aarhus Vand Operations Challenge team prior to the competition held at WEFTEC 2017.

Extension of the term of the MOU will permit both entities to continue to take advantage of the working relationship that has been established between the District and Aarhus Vand staff. In addition to the above noted activities, other topic areas of mutual interest that may be addressed under the extended term include biological phosphorus removal, energy neutrality and energy efficiency, hydrothermal technology, managing the effects of climate change and extreme weather, and sustainable utility management.

A copy of the existing Memorandum of Understanding and Amendment No. 1 to the MOU extending the term for another three years are attached. All costs will be the responsibility of the respective parties, and each party will maintain insurance coverage for its own personnel at all times. Expenditures by the District greater than \$10,000.00 will require approval of the District's Board of Commissioners. The term of the extension will be three years from the date of execution.

Based on the foregoing, the Monitoring and Research Department recommends that the Chairman of the Committee on Monitoring and Research, the Executive Director, and the Clerk be authorized to execute on behalf of the District said Amendment No. 1 with Aarhus Vand A/S of Denmark.

#### MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is made and entered into this first day of November 2014, by and between the Metropolitan Water Reclamation District of Greater Chicago ("the District") and Aarhus Vand A/S of Denmark (a.k.a. "Aarhus Water").

WHEREAS, the District is an independent government and taxing body encompassing approximately 91 percent of the land area and 98 percent of the assessed valuation of Cook County, Illinois, United States of America; and

WHEREAS, the District's mission is to protect the health and safety of the public in its service area, protect the quality of the water supply source (Lake Michigan), improve the quality of water in watercourses in its service area, protect businesses and homes from flood damages, and manage water as a vital resource for its service area; and

WHEREAS, the District owns and operates seven water reclamation plants that treat domestic, industrial, and combined sewage, serving a population of approximately 5.25 million real people, a commercial and industrial equivalent of 4.5 million people, and a combined sewer overflow equivalent of 0.6 million people; and

WHEREAS, the District is committed to achieving the highest standards of excellence in fulfilling its mission; and

WHEREAS, Aarhus Vand is an independent private enterprise, with Aarhus Municipality, Denmark, being the sole shareholder; and

WHEREAS, the mission of Aarhus Vand is to supply drinking water and provide wastewater treatment of the highest quality in terms of health and the environment, while taking into account reliable supplies, nature and efficient operation in a manner that is transparent to consumers; and

WHEREAS, Aarhus Vand's area of expertise covers all aspects of water and wastewater management, including distribution of drinking water to 285,000 customers through 950 miles of supply lines and 10 waterworks, and the treatment of waste water from 300,000 customers through 10 wastewater treatment plants and 1,400 miles of sewage pipes within the Aarhus area district, where population growth is about 1% annually; and

WHEREAS, Aarhus Vand employs approximately 240 people, and maintains the highest certifications within all aspects of their involvement, and work continually on developing holistic solutions while being committed to sustainability in relation to the overall water cycle; and

WHEREAS, the District and Aarhus Vand share many points of common interest within the water sector in general, and the wastewater treatment area specifically; and

WHEREAS, it would be in both parties' interest to share knowledge, exchange experiences, and engage in thoughtful discourse about the water sector and the wastewater treatment area for the benefit of each entity, their employees, their customers, their communities, and the environment;

#### NOW THEREFORE, the District and Aarhus Vand agree and understand as follows:

- 1. The Parties agree to establish a basis for knowledge sharing and cooperation
- 2. AREAS OF INTEREST. The following are the suggested areas of common interest, which may be expanded upon, modified, or added to over time as needs arise:
  - a. Wastewater treatment technology
  - b. Energy management/ Energy neutrality
  - c. Stormwater management
  - d. Wastewater operations
  - e. Managing the effects of climate change and extreme weather
  - f. Process control, monitoring and instrumentation
  - g. Sustainable utility management
  - h. Staff Exchange
- 3. INITIAL ACTIVITIES OF COOPERATION. A number of joint activities will initially be undertaken by the Parties involved for the purpose of developing a working relationship between the Parties. The activities described below reflect the intentions discussed at the first meeting in 2014, but are not limited to same, as a more complete list will be developed according to the wishes and capabilities of the parties involved. It is understood by the Parties that the program may be updated as experience is gained.

- A. Knowledge Sharing: During the course of the agreement, the Parties agree to mutual visits (Denmark to Chicago and possibly Chicago to Denmark) during which the Parties will learn how the US/DK wastewater treatment facilities are organized and operated. The Parties agree to open sharing of information and benchmarking on their main activities within wastewater. On the Danish side, an Aarhus Vand specialist, Flemming B. Møller, will be stationed at the Consulate General of Denmark, Chicago, and will make multi-day visits to each of the District's seven water reclamation plants to become familiar with their layout, process train, and key personnel. The visits will offer an opportunity for the Parties to visualize innovative solutions to present as well as future challenges, and identify more specific topics and projects which could be of interest to both Parties. Flemming Møller's visits to MWRD facilities are expected to start during the month of August 2014.
- B. Job Exchange Visits: Aarhus Vand welcomes the opportunity to discuss the framework for potential visits by District personnel to the three major wastewater treatment facilities in Denmark (VCS Denmark, Aarhus Water and HOFOR) as facilitated by Aarhus Vand. The duration of each job exchange is expected to be 1-2 weeks. An exchange job visit by the District to Aarhus Vand can be initiated at any given point during the period of the Agreement.
- C. Other matters: During the mutual visits, other subsequent activities are to be discussed and developed. For example, this could include establishment of specific technical working groups on biological treatment, energy management, or sustainable utility management, or cooperation on research and development projects. Each technical working group or project team will establish its own functional criteria including a chartering statement, scope of work, organizational chart, schedule with target milestones, deliverables, periodic meetings, budget, and final reports.

- 4. COSTS. All travel, hotel, living costs, and other expenses are to be covered by the respective Parties for their own personnel. The party responsible for costs relating to specific projects or technical working groups will be determined by the project team and agreed to in writing by both Parties' management in advance of any expenditure. Any other expected costs which may arise through anticipation of activities under this Memorandum of Understanding will be discussed and agreed to in writing by both Parties' management in advance of any expenditure. Expenditures by the District greater than \$10,000.00 will require approval of the District's Board of Commissioners.
- 5. INSURANCE. Each party will maintain insurance coverage for its own personnel at all times, and will hold then other party harmless for its own employee's actions, including when employees are on the other party's property.
- 6. TIME SCHEDULE. The term of this Memorandum of Understanding is three years from the date of execution. Prior to expiration, the Agreement will be evaluated and upon mutual agreement of the Parties, the Agreement may be extended and modified.

Mr. David St. Pierre, Executive Director

Authority to commence statutory procedures to lease approximately 2.5 acres of District real estate located at 15680 Canal Bank Road in Lemont, Illinois; Main Channel Parcel 23.10 (Western Portion)

#### Dear Sir:

Hicks Gas, LLC d/b/a Liberty Propane ("Hicks") currently leases approximately 2.5 acres of District real estate located at 15680 Canal Bank Road in Lemont, Illinois and known as Main Channel Parcel 23.10 (Western Portion) under a lease that commenced June 1, 2013, and expires May 31, 2018. The current annual rent is \$36,165.53. Hicks uses the site to operate a propane business. The site is currently improved with a propane tank, an office trailer, a bottle dock building, a concrete dock pad, two storage trailers and a chain link fence.

Hicks has requested a new 5-year lease to continue operating its propane business. The District's technical departments have reviewed this lease request and have indicated that the subject site is not currently needed for corporate use and that there are no objections thereto.

It is requested that the Executive Director recommend to the Board of Commissioners that it authorize and direct the General Counsel to commence statutory procedures to lease approximately 2.5 acres of District real estate located at 15680 Canal Bank Road in Lemont, Illinois; Main Channel Parcel 23.10 (Western Portion) upon the terms and conditions set forth herein.

#### TRANSMITTAL LETTER FOR BOARD MEETING OF NOVEMBER 2, 2017

#### **COMMITTEE ON REAL ESTATE**

Mr. David St. Pierre, Executive Director

Authority to amend permit agreement issued to United Parcel Service, Inc. on 20.5 acres of District real estate located at the Cal-Sag Channel and Ridgeland Avenue in Alsip, Illinois and known as the Ridgeland Avenue Drying Facilities; Cal-Sag Channel Parcel 10.04 (eastern portion) for storing and parking trucks and trailers, to add 4+/- acres to the permit premises for the period of November 2, 2017, to January 31, 2018. Consideration shall be \$827,000.00

#### Dear Sir:

On September 14, 2017, the Board of Commissioners ("Board") authorized the issuance of a 9 ½ month permit to United Parcel Service, Inc. ("UPS") to allow seasonal use during certain months in the years 2017 through 2019. The permit is for the use of the eastern 20.5 acres of the District's Ridgeland Avenue Drying Facility ("Ridgeland Facility"); Cal-Sag Channel Parcel 10.04 (eastern portion), for storing and parking trucks and trailers. UPS uses the site under the permit from September 15, 2017 to January 31, 2018, and September 1, 2018 to January 31, 2019. These months represent the time of year when UPS requires additional land for parking trucks and trailers due to demands related to the holiday season. UPS's permit fee is \$779,000.00.

UPS has requested to add 4+/- acres to the permit premises for the period from November 2, 2017 through January 31, 2018, for a total permit area of 24.5 acres during such time period to be used for the same purposes set forth in the permit. The current permit fee will therefore be increased by \$48,000.00 for a new total permit fee of \$827,000.00. From September 15, 2018 to January 31, 2019, the permit premises will be its original acreage of 20.5 acres. The District's technical departments have no objections to making this additional acreage available for such use by UPS.

The recommended permit fee for the revised permit premises is \$827,000.00, which represents the pro-rata share of over 10% of the fair market value of the land, based upon recent appraisals of nearby comparable sites.

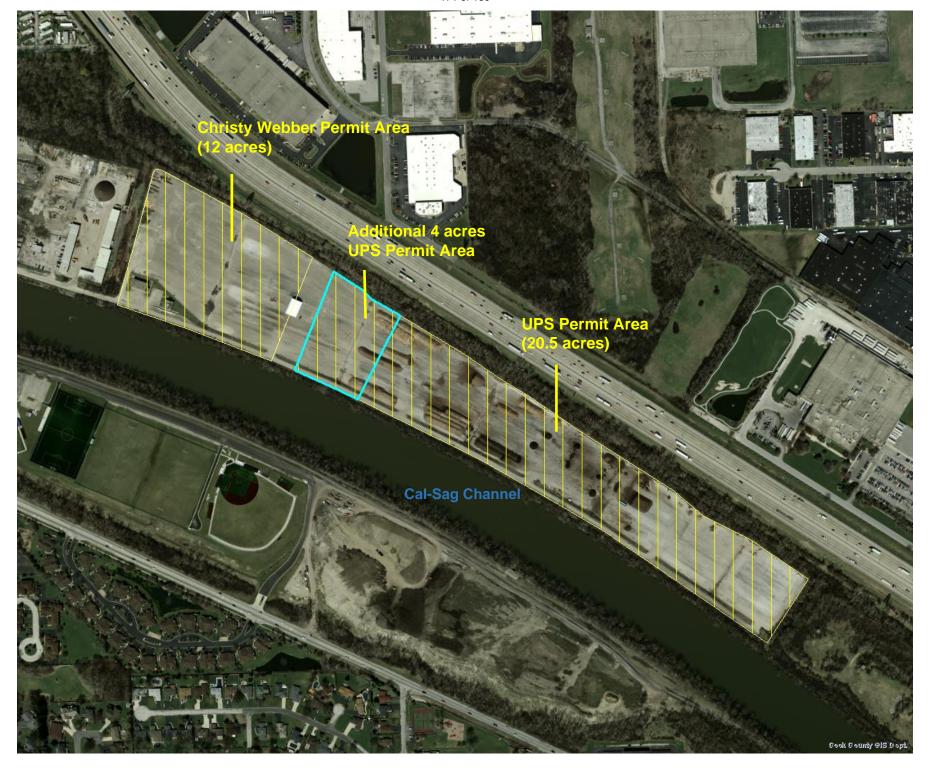

It is requested that the Executive Director recommend to the Board of Commissioners that it authorize an amendment to the permit agreement issued to United Parcel Service, Inc. on 20.5 acres of District real estate located at the Cal-Sag Channel and Ridgeland Avenue in Alsip, Illinois and known as the Ridgeland Avenue Drying Facilities; Cal-Sag Channel Parcel 10.04 (eastern portion) for storing and parking trucks and trailers, to add 4+/- acres to the permit premises for the period of November 2, 2017, to January 31, 2018. Consideration shall be \$827,000.00.

It is also requested that the Executive Director recommend to the Board of Commissioners that the Chairman of the Committee on Finance and the Clerk be authorized to execute said permit agreement amendment on behalf of the District after it is approved by the General Counsel as to form and legality.

Mr. David St. Pierre, Executive Director

Report on Green Infrastructure, Detention, and Compensatory Storage Volumes Required by the Watershed Management Ordinance

Dear Sir:

The Watershed Management Ordinance (WMO) regulates sewer construction within the District's service area and development within suburban Cook County. It provides uniform stormwater management regulations to prevent future development projects from exacerbating flooding and protect environmentally sensitive areas. Green infrastructure (GI) is installed to comply with the stormwater management requirement of capturing one inch of stormwater runoff from all impervious surfaces of the development. Detention requirements have been enhanced by the WMO as compared to the previous requirements under the Sewer Permit Ordinance, and compensatory storage is required to mitigate development impacting the floodplain.

When a WMO permit is required, the development must comply with the stormwater management provisions of the WMO. The attached table includes the number of permits issued per quarter since the WMO became effective. It also summarizes the development area, volume captured by GI, locally-provided detention, and compensatory storage. The total for each year and running total are also provided. This table will continue to be updated at the end of each quarter and transmitted for your information.

Respectfully Submitted, Marcella V. Landis, Acting Director of Engineering, WSS:JK

Authority to negotiate intergovernmental agreements to assist various local municipalities and other governmental organizations with Green Infrastructure projects

Dear Sir:

Pursuant to the report to the Board of Commissioners submitted on May 4, 2017, the District solicited Green Infrastructure project proposals from municipalities, townships, and other governmental agencies for District assistance. The applications were sent to the chief elected official in each jurisdiction as well as agency and other governmental organization officials, and posted on the District's website. The Engineering Department received 47 applications for Green Infrastructure (GI) projects between May and July 2017.

Staff has reviewed all the GI project submittals, evaluated the proposals, and ranked the eligible projects based on factors such as the cost per gallon, number of benefiting structures and cost per structure, project visibility, and median income of the community. Based on this evaluation, a selection of 20 projects is hereby recommended for funding and/or other assistance to be provided to the local communities and governmental organizations for implementation of these green infrastructure projects. Attached are a table describing the recommended projects and an exhibit depicting their location. Applicants whose projects were not selected will be notified that their proposals may be eligible for future consideration under our GI and/or Phase II local Stormwater programs as applicable.

It is hereby requested that the Board of Commissioners authorize the District to negotiate Intergovernmental Agreements (IGAs) with the entities identified on the attached list, to allow the District to assist in the furtherance of these projects. Assistance may be in the form of funding, engineering, or other assistance to be defined through the negotiations between the District and the involved entities. Once the parties agree in principle, authority to enter into the individual IGAs will be sought from the District's Board of Commissioners. In addition to the many benefits these projects will provide in their local communities, the District will apply the volume of design retention capacity achieved towards our Consent Decree requirement for Green Infrastructure to the United States Environmental Protection Agency.
