

## Devon AIS Switchgear Replacement & Wilmette PS Conduit Replacement

**Project Number:** 16-077-3E

**Service Area:** North

**Location:** Devon AIS and Wilmette PS

**Engineering Consultant:** In-house design

**General Contractor:** Unknown

**Estimated Construction Cost:** \$1,000,000

**Contract Award Date:** January 2017\*

**Substantial Completion Date:** January 2018\*

**Project Description:** Replace electrical switchgear and motor control center at Devon AIS. Replace conduit at Wilmette P.S.

**Project Justification:** For Devon AIS: The electrical equipment is over 30 years old and is in poor condition. In order to avoid failure and ensure the appropriate level of service, the equipment must be replaced. For Wilmette P.S.: Due to flooding, the wires to gate actuators have been subjected to freeze/thaw and therefore have become damaged. The underground conduit and wire will be replaced with above ground conduit and wire.

**Project Status:** This project is being designed.
