Re: Settlement of Workers' Compensation Claim of Rodger Hilger vs.  
MWRDGC, Claim Number 06 WC 35720, Illinois Workers' Compensation  
Commission, in the sum of \$9,750.00. Account 901-30000-601090

Dear Sir:

Rodger Hilger is a Pipefitter at the Calumet Water Reclamation Plant. On October 26, 2004, while working in a tight space replacing filters, he bumped his right elbow. He developed a large bruise and severe swelling over the olecranon bursa. Mr. Hilger went to Palos Community Hospital and underwent fluid aspiration of the right elbow. Mr. Hilger's swelling recurred, and on December 1, 2004, he underwent a right olecranon bursectomy with debridement of the olecranon. He lost 32 days of work.

Subject to the approval of the Illinois Workers' Compensation Act, this claim can be settled for the sum of \$9,750.00 which represents a 7.3% loss of the right arm. The General Counsel believes this is an equitable settlement to conclude this matter and requests payment of that sum be approved and he be authorized to execute such documents as may be necessary to effect the settlement.

Respectfully submitted,

Frederick M. Feldman
