Dear Sir:

Contract documents and specifications have been prepared to provide boat maintenance, repairs, parts, and secured dockage. This contract begins January 1, 2018, through December 31, 2019.

The purpose of this contract is to provide parts, maintenance, repairs, and dockage as needed for the PC 100 boat used by the Monitoring and Research Department to navigate portions of the Chicago Area Waterway System to support various research projects, to perform monitoring to comply with the NPDES permit requirements, and to provide tours as requested through Public Affairs.

The estimated cost for this contract is \$42,000.00. The estimated 2018 and 2019 expenditures are \$21,000.00 and \$21,000.00, respectively.

A bid deposit is not required for this contract.

The Multi-Project Labor Agreement (MPLA) will not be included in this contract because the classification of work does not fall within the provisions of the MPLA.

The Affirmative Action Ordinance, Revised Appendix D is not included in this contract because the estimate is less than the minimum threshold established by Section 4 of the Affirmative Action Ordinance.

The tentative schedule for this contract is as follows:

Advertise	October 11, 2017
Bid Opening	October 31, 2017
Award	November 16, 2017
Completion	December 31, 2019

Funds are being requested for 2018 and 2019, in Accounts 101-16000-612330, 612970, and 623990, and are contingent on the Board of Commissioners' approval of the District's budget for those years.

In view of the foregoing, it is recommended that the Director of Procurement and Materials Management be authorized to advertise Contract 18-102-11.
