Dear Sir:

Contract documents and specifications have been prepared for maintenance services and consumables for the Calumet Analytical Laboratory reagent grade water system. This contract is for three years, beginning approximately January 1, 2020 and ending December 31, 2022.

The purpose of this contract is to maintain the reagent grade water system of the Calumet Analytical Laboratory which is required to run NPDES permit analyses for the Calumet and Lemont Water Reclamation Plants.

The estimated cost for this contract is \$20,100.00. The estimated expenditures for 2020, 2021, and 2022 are \$6,700.00, \$6,700.00, and \$6,700.00, respectively.

A bid deposit is not required for this contract.

The Multi-Project Labor Agreement (MPLA) is not applicable to this contract because the classification of work does not fall within the provisions of the MPLA.

The Affirmative Action Ordinance, Revised Appendix D and Appendix V are not included in this contract because the estimate is less than the minimum threshold established by Section 4 of the Affirmative Action Ordinance.
