Dear Sir:

Authorization is requested to issue a purchase order to DePaul University to conduct Comp TIA Security and Certification Prep with Exam SY0-501 training for 20 employees in the Information Technology Department. The terms of the Master Agreement with DePaul University, approved by the Board of Commissioners on December 21, 2017, provide for a cost not to exceed \$39,500.00.

The Comp TIA Security training provides baseline skills required to perform core security functions including mitigating threats, cryptography, authentication systems, messaging security, user and role-based security, public key infrastructure, access security, ports and protocols, network security, wireless security, remote access security auditing, logging, and monitoring, vulnerability testing, organizational security, and business continuity. This course also offers the SY0 exam to test and certify for official certification. This is a five-day course and training will be completed by December 20, 2018.
