Dear Sir:

Contract documents and specifications have been prepared for Contract 10-737-11, Rebuild One Raw Sewage Pump at the Egan Water Reclamation Plant, at the request of the Maintenance and Operations Department.

The purpose of this contract is to procure services to provide all necessary labor, supervision, tools, equipment, materials and appurtenances to rebuild one raw sewage pump at the Egan Water Reclamation Plant. These services are required to restore the pump to acceptable performance standards and extend the pump's useful service life through the rebuild process.

The estimated cost for this contract is \$85,000.00.

The bid deposit for this contract is \$4,200.00

The contract specifications require that all work commence upon the approval of the contractor's bond, and as directed by the engineer, and be completed 120 calendar days thereafter. Liquidated damages are \$100.00 for each and every calendar day that the contractor is in default of the time specified.

The Multi-Project Labor Agreement will not be included in this contract because the work is performed off-site at the contractor's facility.

Revised Appendix D will not be included in this contract because the estimate is less than the minimum threshold established by Section 4 of the Affirmative Action Ordinance.
