Dear Sir:

Contract documents and specifications have been prepared for Contract 11-639-11 Furnish and Deliver Process Water Chemicals and Consulting Services to Various Locations, at the request of the Maintenance and Operations Department.

The purpose of this contract is to procure various water treatment chemicals and consulting services, including testing, monitoring and adjusting water treatment equipment, to maintain process water specifications for an approximately three-year period.

The estimated cost for this contract is \$286,789.00. The estimated 2011, 2012, 2013 and 2014 expenditures are \$64,260.00, \$95,188.00, \$96,198.00 and \$31,143.00, respectively.

The bid deposit for this contract is \$14,350.00.

The contract specifications require that all work commence after receipt of the purchase order and terminate three years thereafter. Liquidated damages, in the amounts up to \$200.00 per day, may be assessed whenever the contractor breaches the specified time limits for furnishing and delivering chemicals and/or when process water properties deviate from specified limits.

The Multi-Project Labor Agreement (MPLA) is not applicable to this contract because it is primarily a furnish and deliver contract.

Revised Appendix D will not be included because it is primarily a furnish and deliver contract.

The tentative schedule for this contract is as follows:

Bid Opening	January 25, 2011
