

IWD and Construction Office Renovation

Project Number: 16-268-2V

Service Area: Calumet

Location: Calumet WRP

Engineering Consultant: In-house design

General Contractor: To be determined

Estimated Construction Cost: \$2,200,000.00

Contract Award Date: November 17, 2016

Substantial Completion Date: December 22, 2017

Project Description: The purpose of this contact is to remodel the north half of the first floor of the General Administration Building to accommodate the needs of the Industrial Waste Division in Monitoring and Research and the Construction Division in Engineering. The existing six temporary trailers used by the staff of these two departments will be removed after accommodating staff in the remodeled facility. The existing roof on the entire General Administration Building has reached its useful life and needs replacement.

Existing fume hood exhaust valves will be replaced in the New Lab Building.

Project Justification: IWD and Construction staff require updated spaces. The abandoned lab areas are to be repurposed for their use.

Project Status: To be advertised in July 2016.
