Metropolitan Water Reclamation District of Greater Chicago
Attn. Nicholas W. O'Connor, Senior Attorney
100 E. Erie St., 3rd Floor
Chicago, IL 60611

Re: Metropolitan Water Reclamation District of Greater Chicago Parcel Number MC 37.05

To whom it may concern:

This letter is to offer our support for the District to enter a commercial lease for the above property with 7EZ Consulting, Inc. We believe that a new lease at the proposed property is important because of the continued efforts to develop the area, thus making significant improvements in the safety, health, and environment of the surrounding community. The village currently has no objections to the proposed use.

Specifically, the project's intent will support commercial and industrial use of the property, with operations remaining compatible with the current use for the area. The surrounding area will be greatly enhanced because of this innovative expansion project. This project will create more employment opportunities for the surrounding communities, as well as providing additional needed tax revenue for the Village.

The Village of Forest View supports this project in addressing improvements to the interests of the area. If we can provide you with any additional information, or if we can be of further assistance, please feel free to contact Village Administrator Mike Dropka at (708) 788-3429, or at mdropka@forestview-il.org.

Thank you for your consideration.

Sincerely,

Nancy Miller
President, Village of Forest View
