SET ENVIRONMENTAL, INC.
ADDENDUM TO STANDARD AND EMERGENCY SCHEDULE OF FEES
(6/2007 - *Prevailing Wage Work*)

Prior to mobilization, SET Environmental, Inc. requires a standard SET Environmental Services contract endorsed by the client and/or a signed customer purchase order with terms acceptable to SET.

- (1) SET's fee shall be calculated by multiplying the appropriate fixed rate for labor, equipment and other items (Rates) for which Rates are specified, and any other items or Fees (Schedule), by the amount of time spent in performance of the Work and in mobilization, demobilization, and other services described in paragraph (4) below. Equipment rates constitute a rental charge for use of an item of equipment. Rates for equipment and materials do not cover labor used in operating such equipment or using such materials.
- (2) All items supplied by SET for which rates appear in this schedule will be charged at the appropriate rate. For all equipment, materials, supplies and services not described in the schedule which are obtained by SET from subcontractors or suppliers, the Client shall reimburse SET for the cost to SET plus a handling charge of 15% of such cost.
- (3) Personnel and equipment are invoiced at a minimum of four hours per day and invoiced portal-to-portal unless otherwise provided herein. Services provided prior, during, and/or subsequent to actual cleanup activities will also be charged, including without limitation: preparation for mobilization, loading and unloading of equipment and materials, equipment and clothing decontamination, project management, regulatory liaison, work and/or safety plan preparation, site visits, coordination of transportation and disposal, sampling and monitoring, and such other work as shall be deemed necessary in the judgment of SET to prepare the Work to be left unattended for an indefinite period.
- (4) All hours on Saturdays, Sundays, and holidays, is considered overtime. Time taken by personnel to decontaminate prior to breaks and re-don protective clothing and equipment after breaks is considered part of the work period.
