

Flood Control Project on 1st Avenue from Roosevelt Road to Cermak Road, SSA

| | |
|------------------------------------|--------------------|
| Project Number | 14-111-5F |
| Service Area | Stickney |
| Location | Maywood, IL |
| Engineering Consultant | Ciroba Group, Inc. |
| Engineering Contractor | To Be Determined |
| Estimated Construction Cost | \$6,252,989.00 |
| Contract Award Date | October 2021 |
| Substantial Completion Date | November 2022 |

| | |
|-----------------------|--|
| Description | This project will increase the 1st Avenue drainage conveyance capacity by replacing existing storm sewer system with two parallel trunk sewers ranging in size from 18-inches to 48-inches on the east side and 18-inches to 36-inches on the west side. Multiple bioswales, in conjunction with the "daylighting" of lateral sewers and the installation of underdrains, will also be installed along Cook County Forest Preserve areas, east of 1st Avenue |
| Justification | The proposed improvements will address flooding along 1st Avenue between Roosevelt Road and Cermak Road which impairs hospital and ambulance personnel access to the Loyola University Medical Center. |
| Project Status | Design |
