

Streambank Stabilization Project along Midlothian Creek

Project Number: 10-882-CF

Service Area: Calumet

Location: Tinley Park, IL

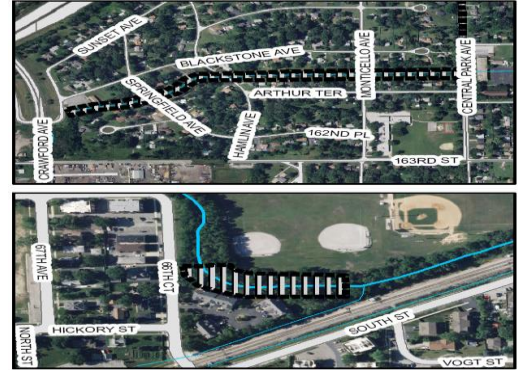

Engineering Consultant: Michael Baker, Jr., Inc.

General Contractor: To be determined

Estimated Construction Cost: \$644,948

Contract Award Date: November 2018*

Substantial Completion Date: March 2022*

Project Description: This project will stabilize approximately 495 linear feet of Midlothian Creek from 66th Court, north of 173rd Street, extending east approximately 300 feet, in the Village of Tinley Park.

Project Justification: Safety/Regulatory. This project will protect structures and infrastructure in imminent danger of failure from active streambank erosion and flooding.

Project Status: The final plans and specifications are being reviewed by Procurement, Law, and Diversity in preparation for Advertising.

This project is funded under the Capital Improvements Bond Fund. See Section V Capital Budget for additional information.
